FEAR AMENDMENTS WILL KILL 8 HOUR BILL

WOMEN'S MEASURE TO COME UP THIS WEEK FOR SECOND READING

Many Amendments Have Been Offered to the Bill—Friends Fear Being Made Objectionable will Result in it Not Being Pressed for Passage—Omnibus Bill Up

(By The Associated Press)
SPRINGFIELD, Ill., June 2.—Probable determination of the fate of the women's eight hour day bill, a matter of doubt since the house bill reached the senate more than a month ago, is one of the high lights in the legislature's program for the coming week. On Tuesday the bill will be taken up in the senate on the order of second reading and many amendments offered. Friends of an eight hour day law fear that some changes will be made which will make the measure objectionable and result in its not being pressed for passage.

One of the most important amendments to be disposed of is leaving the 10 hour day intact but limiting the hours of females to 55 hours a week which, sponsors of this change point out, is one hour less than the total of hours a week under the bill as it came from the house.

GOVERNMENT HAS TAKEN ATTITUDE OF WAITING IN N. Y.

Policy May be Outlined in Conferences with President

(By The Associated Press)
WASHINGTON, June 2.—An attitude of waiting was maintained today by the federal government toward the New York prohibition enforcement situation resulting from Governor Smith's signature of the New York enforcement law repealer.

Commissioner Haynes and other officials remained silent and it was indicated that determination of a policy would await the outcome of future conferences in which President Harding may have the deciding voice. A few prohibition agents from other parts of the country it was indicated at prohibition headquarters may be sent to New York, but officials privately conceded that these could not fill a hole in the enforcement work as deep as complete withdrawal of New York police agencies would make.

A complete withdrawal was not expected however, by government officials.

Local courts and magistrates of New York, department of justice officials also pointed out are required by general law as well as the Volstead act to deal with prohibition offenders brought before them either by imposing fines or sentences or taking bail and binding over the prisoners for action by the federal grand jury. There were indications that the administration would move slowly toward announcement of its ultimate policy. How New York and especially New York City "behave themselves" under the new order of liquor affairs is expected to be an important factor in making the decision.

BELIEVE TREASURY WILL STICK TO EDICT

(By The Associated Press)
WASHINGTON, June 2.—In the apparent belief that the treasury will apply strictly the supreme court edict against liquor on foreign ships, despite representations from abroad, diplomatic representatives of the maritime powers here are anxiously awaiting a decision as to the date on which the new regulations are to become executive. Some of the interested diplomats appear convinced that treasury officials will not adhere to the original decision to put the regulation into effect June 10.

VISITORS FROM DETROIT
Mr. and Mrs. J. L. Hagadorn of Detroit are here for a few days with Mr. and Mrs. George Wiseman on East State street. They drove to Jacksonville from their Detroit home and will visit several eastern cities before returning to their home. Mrs. Wiseman and Mrs. Hagadorn are sisters.

MUST PAY DUTY ON IMPORTED OIL

(By The Associated Press)
BUENOS AIRES, June 2.—Having been found guilty of defrauding the government of the duties on millions of gallons of gasoline and kerosene imported into Argentina for five years, the West India Oil company has been condemned by Federal Judge Cavallo to pay the full value of the gasoline and kerosene importations as well as the duties. The exact amount on which the duty is held to have been evaded will be determined by customs accountants.

GO TO ST. LOUIS
Dr. and Mrs. A. L. Adams and daughter, Minna Margaret, and Mrs. T. P. Carter left yesterday for St. Louis for a visit of several days. Dr. and Mrs. Adams will visit their son, Worthington Adams, and Mrs. Carter will be a guest of her daughter, Mrs. Edgar Decker.

GOVERNOR SMITH ACCUSES A. P. OF VIOLATING FAITH

Says it Gave Out Veto to Evening Papers for Publication

(By The Associated Press)
NEW YORK, June 2.—Governor Smith at Albany today issued a statement accusing the Associated Press of having violated his confidence in announcing at 6:10 o'clock last night that he had signed the Mullan-Gage repeal bill. The governor had intended that morning papers should first have this news which, because of the difference in time, was received by some afternoon papers in time for publication.

When the statement was shown to the general manager of the Associated Press, he said that he regretted the governor had been disappointed, but that there had been no breach of faith, since no pledge had been given.

In his statement the governor said:

"According to the practice in the executive chamber my action and the memorandum accompanying it on the signature of the repeal of the Mullan-Gage law was given to all of the newspaper correspondents in the executive chamber at 6 o'clock Friday evening, June 1.

"The memorandum carried a caption that the news was for release for morning papers of June 2. I further had an understanding with the correspondents that my action was also for release on Saturday morning. All of the correspondents and news distributing agencies with but one exception did release the news on the following morning. The Associated Press, however, released the news of my action immediately following my announcement and it was published by some evening papers taking its service."

The general manager of The Associated Press said:

"I am very sorry, indeed, that Governor Smith has received the impression that The Associated Press violated his confidence. Handling executive documents is almost a daily routine with us and never before have we been accused of bad faith. I am sure that Governor Smith has been misinformed. In the matter of the governor's action we make no pledge as, obviously, we could not pledge ourselves to withhold from our afternoon members important spontaneous news developing within their hours of publication. Had we been asked to make such a pledge we certainly would have refused."

"Subsequently we were given the governor's memorandum which bore the caption, 'Release for morning papers,' but this was accepted with the understanding that it would not be published until the following morning and it was not delivered by us to any afternoon member anywhere."

OPENS INDIAN GRAVE; STRICKEN WITH BLIGHT

(By The Associated Press)
MINNEAPOLIS, Minn., June 2.—A poisoned, mysteriously blistered right hand is the blight that has fallen upon I. K. Knight, local contractor, who unearthed the grave of a Sioux Indian chief on Battle Island, in Sandy Lake, three years ago, it became known today.

The grave was found the bodies of the chief and five warriors, facing the rising sun, dressed in ceremonial garb of savage funeral rites. The Minnesota Historical Society is investigating the grave, which is believed to be at least 200 years old, probably from the last great battle between the Sioux and Chippewas, in which thousands of Red Men fell.

MUCH DAMAGE FROM MICHIGAN FIRES

MARQUETTE, Mich., June 2.—Forest fires in the upper peninsula already have done damage that may reach \$1,000,000 and the hundreds of men engaged in fighting the flames have made little headway in their efforts to check them.

Virtually no rain has fallen in the north woods this season and underbrush and timber is very dry. Woodsmen are placing their hope in a change in the wind or heavy rains.

ATTENDED I. A. C. TRACK MEET
Frank Phillips, dean of men and director of athletics at Monmouth College and Mrs. Phillips were here yesterday to attend the track meet and visit relatives.

CATHOLIC DAUGHTERS OF AMERICA WOULD EDUCATE YOUNG GIRLS

Urges National Organization to Take Up the Work

(By The Associated Press)
AURORA, Ill., June 2.—Catholic Daughters of America meeting here in seventeenth biennial convention of the Illinois court to-night adopted resolutions urging the national organization "to establish a national protectorate for growing girls that would have workers in the field to educate girls along social lines."

The national organization convenes in Kansas City, Mo., beginning July 3. Announcement was made here that the Illinois court is endowing a scholarship at St. Mary of the Lake Area, Illinois, a seminary for the education of priests. This seminary, it was stated, was the first theological school established in Illinois. A sum of \$7,000 has been raised in the last six months toward a \$10,000 scholarship at St. Mary of the Lake.

Active participation in the Eucharist international congress at Chicago in 1922 was endorsed by the state court. The next biennial convention was awarded to Decatur, Ill.

A purse of gold was presented to the state regent, Mrs. Helen F. Meagher of Chicago. Pins were presented to Mrs. Mary Shertoff and Miss Mary Jans in recognition of their work on the priest-hood endowment fund.

KU KLUX INITIATES 700 CANDIDATES

(By The Associated Press)
ROCKFORD, Ill., June 3.—More than 700 candidates were initiated into the Invisible Empire of the Ku Klux Klan at a ceremony held at midnight in Rocky Cut five miles northeast of here. Hundreds of members of the order from Northern Illinois and Southern Wisconsin, and some from Iowa attended.

Original plans for the open air ceremonial called for a parade here Saturday afternoon but the city officials issued a statement in which it was said that any attempt to hold a parade of masked figures would be stopped. Instead the members gathered at the scene of the evening ceremony where a national officer spoke and the multitude was fed.

A thunderstorm assuming almost the proportions of a cloudburst early in the evening threatened for a time to halt the ceremony. Several automobiles carrying members of the order were mired or ditched on a dirt road leading to the meeting place. The ceremony was held in a natural amphitheatre, in a crater-like depression atop a hill, entrance to which was guarded by hooded figures.

Sightseers who thronged to the vicinity were questioned but allowed to remain within a radius of half a mile. Natural contour of the ground hid all the ceremony from the curious except a huge blazing cross which could be seen several miles.

The attendance was said to be more than 10,000.

CORNICE FALLS; MANY INJURED

(By The Associated Press)
ST. LOUIS, Mo., June 2.—George Stein, 32 years of age, Gerald Mo, was fatally injured and nine other persons injured, several seriously when a section of a cornice sixty feet long fell from the roof of a department store in the business district here late today. Several tons of bricks, cement and other debris was precipitated on the pedestrians and automobiles on the streets below when the cornice gave way.

Stein who suffered a fractured skull when he was struck by some of the debris, died in the hospital several hours after the accident.

CURE WORK ON COLLEGE AVENUE MOVES RAPIDLY

The work of building the concrete curb and gutter for the East College avenue pavement was finished Saturday on that part east of the subway. The workers will begin tomorrow west of the subway and the job will be pushed along steadily. The Standard Paving Co. expects to have a large force here soon and the paving work completed within the next two or three months.

An effort will be made to have West State street from the square to Church street, and East State street from the square to Centenary church paved with asphalt before the company's equipment is taken away.

LEAVES FOR CHICAGO
George Adams left last night for Chicago for a stay of several days.

FIRE NEARLY WIPES OUT TOWN OF CANAAN, IN NEW HAMPSHIRE

Loss it is Estimated, Will Run Over Total of \$500,000

(By The Associated Press)
CANAAN, N. H., June 2.—Two thirds of this town was wiped out today by fire which caused the death of one man, probably fatal injuries to another and rendered 200 persons homeless. Forty two buildings were burned to the ground and it was believed the loss would be more than \$500,000.

Only a few buildings in the entire community remained intact tonight when the flames had been brought under control or had burned themselves out, despite the fact that fire apparatus from all the nearby cities and towns was called to aid.

The flames started in the loft of a small stable in the rear of the residence of Mrs. A. A. Stevens and fireman said tonight they believed that children playing with matches or smoking were responsible for the laying waste of the town.

ROGER SHERMAN HEADS ILLINOIS BAR ASSOCIATION

George H. Wilson of Quincy One of the Vice Presidents

(By The Associated Press)
PEORIA, Ill., June 2.—Roger Sherman of Chicago was elected president of the State Bar association which closed a three day convention here today. Other officers chosen were:

C. M. Clay Buntain, Kankakee; John R. Montgomery, Chicago; and George H. Wilson, Quincy, vice-presidents; S. S. Anderson, Charleston, D. P. Trade, Chicago; board of governors; R. A. Stephens, Springfield, secretary; F. L. Velde, Peoria, treasurer.

In its closing session after the spirited debate the convention went on record as favoring a requisite of a two year college education for prospective attorneys.

MRS. HORNSBY WILL SUE FOR DIVORCE

(By The Associated Press)
ST. LOUIS, Mo., June 2.—Mrs. Rogers Hornsby, estranged wife of Rogers Hornsby, second baseman of the St. Louis Cardinals, and champion batsman of the National League last year arrived here late today from Los Angeles and admitted to newspapermen that she intends to institute divorce proceedings against the star ball player, according to the St. Louis Globe Democrat. Mrs. Hornsby was accompanied here by her two-year-old son, Rogers, Jr.

Mrs. Hornsby who is said to have separated from the Cardinal star about five months ago, the newspaper says, conferred with her attorney here and later stated that the divorce petition was being prepared and that it would be presented in court shortly. Mrs. Hornsby formerly resided in Fort Worth, Texas, but has been living with her mother in Los Angeles. Hornsby's name was mentioned a short time ago in an action brought by John A. Hine, automobile salesman, to have the divorce granted his former wife, Mrs. Jeanette Pennington Hine set aside.

GREEK CHURCH HEAD FEARS FOR SAFETY

(By The Associated Press)
CONSTANTINOPLE, June 2.—The most Rev. Meletios Metaxakis, patriarch of the Greek Orthodox Church in Constantinople, has written to the allied high commissions saying that after Friday's "unhappy event," he does not feel safe and requests a protection against a recurrence of the attack upon him by a group of Greeks who demanded that the bishops attending the Pan-Orthodox congress have made representations to their governments concerning the incident.

Beyond this, the incident appears to be closed, and generally not much importance is attached to the ultimatum of the demonstrators that the patriarch resign in three days.

WELL KNOWN LODGE MAN DIED YESTERDAY

Rockford, Ill., June 2.—Carl A. Ross, 49, vice-president of Stewart and Co., a prominent mercantile firm here, ad known throughout Illinois thru his activities as a member of the Elks and the Mystic Shrine died tonight from a complication of diseases. He was president of the Ross Amusement company which conducts the Inglaterra Amusement Hall at Peoria.

WILLIAM R. M'CABE LOSES OFFICE IN RECOUNT OF VOTES

Result Shows That Opponent Hennebery is Elected to Office

(By The Associated Press)
JOLIET, Ill., June 2.—William R. McCabe representative in the Illinois General Assembly from the Forty First Senatorial including Will and DuPage counties lost today in the completion of a recount of votes cast in the last November election.

Michael Hennebery of Wilmington won thru the recount in DuPage county by a plurality of 258 1-2 votes.

Hennebery instituted the recount proceedings on a charge that judges in DuPage county in counting ballots at the last election gave Hennebery who was the only Democrat candidate against four Republicans only one vote on a straight ticket while McCabe could get as many as three on one ballot which was crossed only once for him.

On the recount it was found, according to judges who were appointed as a committee from the legislature that charges were well founded and that in many ballots Hennebery received only one vote where he should have had three on a straight Democratic ticket. Accordingly the committee gave Hennebery the victory.

The recount in Will county gave a further lead to McCabe but the lead was too small to overcome the large gains made by the Democrat in DuPage.

The official figures in the November election gave McCabe a plurality of approximately 200. He took his seat in the house and has held it since. The subcommittee of the elections body in the house which has been recounting will now make a report to the house which will act on the report and officially count McCabe out.

M McCabe has been one of the powerful members of the general assembly and is chairman of the committee on industrial affairs and a member of the judiciary committee. He is also mayor of Lockport a suburb of Joliet.

ELK RIVER GOES ON RAMPAGE IN ALBERTA

(By The Associated Press)
LETHBRIDGE, Alberta, June 2.—A new step up "noo" in flooding in southern Alberta news reached here today that the Elk river had gone on a rampage at Fernie, overflowing its banks in many places and cutting off 125 families from the town, all of whom, however, were rescued. Torrential rains were falling.

The Old Man river as Lethbridge was still rising at noon but the power house was in operation. At Cowley there was a five foot drop in the Old Man, while at MacLeod, the water had receded 18 inches.

The dam as head gates of the Lethbridge Northern Irrigation project on the Old Man, west of MacLeod were still holding firm 2.—While flood waters were re-breaks in the first four miles of the main ditch. Crow's Nest Pass towns on the Alberta side were without light or power today owing to the washout of the Bull River Power Company's line on the McGillivray Creek in British Columbia.

TWENTY FIREMEN OVERCOME BY SMOKE

(By The Associated Press)
NEW YORK, June 2.—Twenty firemen were overcome by smoke when they were driven to the street and police headquarters was filled with heavy black smoke from a loft building fire at Grand and Mott streets tonight. The fire started in the basement which was occupied by the Columbia Gas & Electric company. Fed by excelsior and quantities of rubber insulation materials, great clouds of smoke soon swept over the lower East Side. Three alarms were sounded.

BILLION DOLLAR OFFER OF MANUFACTURER JUST SUMMER DREAM

James W. Slack Admits That He had No Intention of Paying That Sum—Thought He Would Get the "Outfit" for \$250,000,000—Going Ahead with Plan to Get Bond

(By The Associated Press)
SILVER CREEK, N. Y., June 2.—James W. Slack, local manufacturer who offered the shipping board a billion dollars for the United States Merchant Marine Fleet admitted today that he had no intention of paying that sum for the vessels and other properties.

He thought Chairman Lasker's estimate of \$300,000,000 was fair enough and believed he would pay \$250,000,000 for the outfit, in view of the conceded loss of \$50,000,000 in the present fiscal year.

Despite Chairman Lasker's announcement that he had dismissed the billion dollar proposal as a "summer dream" Slack said today he was going ahead with his plans to get a bond.

The suggestion was again put to Slack that the whole proposal was for the sake of publicity for himself and his home town, but he denied this. He said he had been doing business with government departments for many years and "would not get hooked up with a proposition that was not satisfactory."

WILL ESTABLISH BASES ON DANES ISLAND

(By The Associated Press)
CHRISTIANIA, June 2.—A Norwegian navy vessel with a special expedition aboard sailed today for Spitzbergen to establish a base at Danes Island from which airplanes will reconnoiter for Raold Amundsen, who is to attempt a flight across the north pole this month.

Five supply depots will be placed along the ice barrier in airtight copper boxes to make them proof against attacks by bears. Each box will contain enough provisions for three weeks and a note telling the place where the other depots are located.

Two naval airplanes will always be in the air together so as to be able to assist each other. Each will have provisions for a week. A smaller airplane will be used for scouting purposes. The expedition consists of 12 men, including a wireless operator, a physician and some of the most competent naval aviators.

BIG PRICE PAID FOR OIL LEASES

Ardmore, Okla., June 2.—Three leases in the Hewitt Oil Field of Carter county totalling in all less than 100 acres, were sold today by Wirt Franklin, independent operator to the Magnolia Petroleum company for a consideration said to have been slightly less than one million dollars. The tracts have 30 producing wells.

WEATHER

Chicago and Vicinity: Partly cloudy Sunday and Monday, with probable local thundershowers; continued warm Sunday; much cooler Monday; moderate to fresh southerly winds Sunday, shifting to northwest Monday.

Illinois: Local thundershowers probable Sunday and Monday; continued warm Sunday; much cooler Monday.

Indiana: Local thundershowers probable Sunday and Monday; continued warm Sunday; cooler Monday night.

Wisconsin: Showers Sunday and possibly Monday; cooler Monday.

Missouri: Local thundershowers probable Sunday; continued warm; Monday partly cloudy and cooler.

Iowa: Thundershowers Sunday, cooler extreme west portion; Monday partly cloudy and cooler.

Temperatures

The current, maximum and minimum temperatures as recorded Saturday were:

Jacksonville, Ill.	71	86	66
Boston	76	86	66
Buffalo	60	66	56
New York	78	88	64
Jacksonville, Fla.	69	76	70

Helena	66	70	40
San Francisco	58	60	50
Winnipeg	76	82	68
Cincinnati	80	88	64
Escanaba	68	70	52

SHRINERS ARE BEING WELCOMED TO WASHINGTON

City is Ablaze with Light and Color for Annual Convention

(By The Associated Press)
WASHINGTON, June 2.—Amid a blaze of light and color, Washington began tonight to welcome the Shrine hosts coming from all over the country to attend their annual convention next week. Today's arrivals constituted only the vanguard, however, reports at headquarters showing 200 special trains and many automobile caravans enroute here from every section.

Shrine week will be formally opened tomorrow with the arrival here of Imperial Potentate James S. McCandless, who will lead his illustrious caravan into Union Station and accept there the salams of the thousands of notables who will gather to bid him welcome.

Almas Temple has provided a crowded program for the visiting nobles. Beginning with religious services tomorrow, there will scarcely be an idle moment until the convention ends next Friday. There will be no less than four parades, the principal one being that of the visiting nobles on the Petroleum company for a consideration said to have been slightly less than one million dollars. The tracts have 30 producing wells.

CLARA PHILLIPS NOW IN PRISON

(By The Associated Press)
SAN QUENTIN, Cal., June 2.—Mrs. Clara Phillips, convicted of killing Mrs. Alberta Tremaine Meadows with a hammer near Los Angeles, July 12, 1922, was incarcerated in San Quentin state prison today after having escaped from the Los Angeles county jail to Tegucigalpa, Honduras. Mrs. Phillips, who entered the prison gate without a tear although displaying the great nervous strain she was under, relaxed when she reached the woman's ward.

Mrs. Phillips will be allowed to rest for a few days and her prison tasks then will be assigned her.

STRIKERS RIOT IN TUCUMAN

(By The Associated Press)
BUENOS AIRES, June 2.—The strike of laborers on Sugar plantations in Tucuman brought scenes of violence yesterday when an army of more than a thousand strikers dragged out the men and women workers at five mills who refused to strike and beat them. About a hundred of these workers are reported to be in a serious condition. The provincial government of Tucuman has sent mounted police to the strike areas. Despatches from the scene of the trouble say the plantation owners have appealed to the federal government.

A THOUGHT.

Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such an one in the spirit of meekness; considering thyself lest thou also be tempted.—Gal. 6:1.

Life that ever needs forgiveness, has for its first duty to forgive.—Lytton.

MARATHON KNITTERS

Non-stop contests are still getting a little newspaper space. A dispatch from Milwaukee claims for that municipality the world's champion marathon knitters. They fought off sleep for 86 hours, knitting assiduously the while, before they agreed to call quits. A prize of \$100 had been offered for the champion. The two women divided it and went home.

There are a couple of interesting facts in relation to this contest. The two women were 19 and 23 years old, which seems to show that the knitting habit among young women, which began during the war and has continued through the sweeter era, is still going strong. It used to be only the little old grandmothers knitting needles. Now the merest flapper, and all her sisters on up to grandmother's rank, can turn out a rainbow as

sortment of knit goods as easily as smoke or drive a car. In this particular contest the competing knitters agreed to stop at the end of their 86 hours. Each maintains that she could have gone on for another 24 hours "had there been any reason for doing so." Three cheers for the marathoners who knew when enough is enough.

But what was the reason for those first 86 hours?

TUT'S VENGEANCE

First it was Lord Carnarvon dying from an infection caused by an insect bite and having his death attributed to the vengeance of King Tut, whose tomb he desecrated. Then similar vengeance was said to have fallen on a member of the American Gould family who visited the tomb.

Now "the plague" is said to be appearing in Paris, Gibraltar, Seville and other cities of Europe and King Tut is blamed for that, too. Evidently he is expected to revenge himself on all our modern civilization, for the sacrilegious interest it has taken in his mortal affairs.

Considering the insignificant part that Tut played in life, it is strange that he should be so potent in death. "Nothing in his life became him like the leaving of it." His funeral, with all its pomp, was the biggest event of his earthly career. History shows him as a weakling, unable to bear the burdens of state that devolved upon him and never attaining maturity.

If curses can have any effect in themselves, as active agents, can they be more powerful than the originator of them.

As for disease germs escaping from the tomb of a Pharaoh after thousands of years, still living fruitful for harm, tell that to all the disappointed scientists who have tried to grow wheat, corn, etc., from seed found in those tombs.

Still, superstition will gloat over such nightmarish imaginings, and nurse its fears to keep them warm, although hundreds of other royal tombs have been opened without setting loose Pandora's box of pestilence.

Intelligent people put their faith rather in the healing art, which also originated in Egypt, and is rapidly driving pestilence from the world.

"YOUR OWN BOSS"
(N. E. A.)

Are you nursing a hope that some day you can be "your own boss" instead of working under some one else's orders? Certainly. Everybody does.

But there is no such thing as absolute independence in life. Always there is a boss—either a person or a force that stands over us with a whip.

Take the career of one man—Rodger Dolan. In babyhood his mother was his boss. When he grew too large for her to handle, dad stepped in with a shingle.

Rodger ran away from home when he was 16, tired of the farm. He became a waterboy for a "tong buckin'" crew that was laying an oil pipeline through a middle western state. He had a boss on this job—a rough boss.

Rodger graduated. He bucked tongs with the crew. Still he had a boss, the foreman. Because he was the best tong buckner in the gang, always on time, exerting his last ounce of strength, quick to notice and report how money

could be saved by taking shortcuts in the work. Rodger soon got the foreman's job. The foreman moved on—promoted.

"Ah!" chuckled Rodger. "Now I'm my own boss."

But Rodger quickly found that he had merely exchanged bosses—traded the foreman for a district superintendent. So it went. The years slipped by. Rodger kept rising. Finally he was vice president of the oil company. Apparently he had only to move one more link in the chain of bosses, and he'd be in a position where he'd have no one over him.

The great day came—Kismet. Rodger became president of the company. He sighed with relief at finally being his own boss. But the sigh died in his throat. For he learned that he still had bosses—the company's directors and stockholders, income tax auditors, congressional legislation and that most tyrannical of all bosses—the company's customers.

To please those bosses, kept Rodger hustling until his hair turned white.

Then he retired, with enough money to support him in comfort the rest of his life.

"But I still have a boss," he confides. "My children who used to boss me around have grown up—and grandchildren have taken a hand at the bossing. I'm within sight of the time when I'll have one foot in the grave, and it's dawning on me that I still and always will have the eternal boss—God."

We cannot escape from the boss system. Go even to a deserted island and the boss bobs up like a ghost—weather conditions, crop failure, death. And, over all, of course, God.

The boss system is part of natural law. It is universal—from the sun bossing the planets that revolve around it to the school of fish or flock of wild ducks following a leader.

Where you find no boss, you find nothing worth bossing.

Deposits made in our Savings Department during the first ten days of June will bear interest from the first of the month.
FARRELL STATE BANK

LEAVES FOR SHRINERS MEET
Mr. Dick Reynolds left last night for Chicago where he will meet the Ansar Temple Shriners Band of which he is a member. From there they will proceed in private cars to Washington D. C. to attend the big convention of the Shriners held between June 5th to 9th.

Mr. Reynolds will visit a number of eastern cities and in New York, will also meet his sister Miss Ruth, who is in rehearsals there for the Redpath Chautauquas. He will then accompany her and Miss Katherine Alexander to Niagara Falls where Miss Reynolds will sing at the Chautauqua June 15th.

Benjamin Chapin in "Abraham Lincoln," Sunday night, Westminster. Sermon.

IS GUEST OF SISTER
Mrs. John Vickery of Evanston is in the city for a visit at the home of her sister, Mrs. J. H. Danskin, on West College avenue.

Mr. and Mrs. Wayne Wright motored to Jacksonville from Carrollton yesterday on a business trip.

BERTON BRALEY'S DAILY POEM

Matter of Courses

By Berton Braley

I'm off of pork, I'm off of beef,
I'm off of all potatoes;
I lunch upon a lettuce leaf,
I dine on stewed tomatoes.
But—gee, that tenderloin looks great,
I guess perhaps I'll try it.
Just put a little on my plate,
It's awful hard to diet.

FRITTERS I really shouldn't touch.
Still one or two wouldn't harm me.
Scalloped potatoes—they have such
Ability to charm me.
That maybe I'll try just a few;
They're fine, I can't deny it.
They're fattening, I know, but who
Can stand a rigid diet?

ICE cream and coffee—no, ah no,
I mustn't, well—I shouldn't;
Still as you seem to urge me so,
I'll take some—gosh, who wouldn't?
In fact, with no more ifs and buts,
Though dictators may decry it,
I'll go the route from soup to nuts;
Tomorrow I will diet.

CHILDREN'S DAY WILL BE OBSERVED

Programs to be Given This Morning at Congregational Central Christian and State Street Churches.

Today is children's day and in a number of the local churches programs will be given in keeping with the day. Several of the churches have postponed their Children's Day exercises for a week or two, the Baptist and Centenary church Sunday schools having planned their programs for next Sunday.

Programs are to be given today at Central Christian State Street and Congregational churches, and these programs are given below:

Central Christian Church
A program will be given at Central Christian church this morning at 10:30 o'clock in observance of Children's Day. This program will be carried out as indicated below:

Hymn, Oh Zion Haste—By Sunday School.
Scripture Reading, 69th Psalm, by group of Junior boys.
Prayer—C. L. Mathis.

A Word of Introduction—Ben O. Roodhouse.
Song and Exercise—Beginners' Department.

A Missionary Mother Goose—Group of Primary Children.
Piano—Charlotte Sloan.
Knowing Jesus Makes a Difference—Group of Junior Girls.

Song, "All the Children of the World"—Primary and Junior Children.
Children's Day and Old Man Grump—Group of Primary and Junior Boys.

Offering.
Song by Nancy Lee Torney accompanied by Mary Torney.
The Spirit of Children's Day—Group of Junior and Intermediate Pupils.

Song, "Coming, Coming, Yes We Are"—Primary and Junior Children.
Short Sermon—Rev. Pontius.

At Congregational Church
The annual Children's Day program will be given at the Congregational church this morning at the regular morning service hour. The program will be as follows:

1. Organ Prelude.
2. Prelude Carol "Beauties Are the Flowers," Chorus choir.
3. Children's Processional, "The Summer Days Are Come Again."
4. The Call to Worship.

COMMENCEMENT AT SCHOOL FOR BLIND

Exercises Will Be Held Next Friday Evening—Rev. Myron L. Pontius Will Deliver the Address

The State School for the Blind will hold its graduating exercises on Friday evening, June 8th, at 8:15 o'clock in the evening in the chapel.

Reverend Myron L. Pontius, pastor of the Central Christian church, will deliver the commencement address. His subject will be "Twentieth Century Ideals."

Honorable Lawrence H. Becherer of the Department of Public Welfare at Springfield, will present the diplomas to the graduating class.

The class is composed of the following pupils:
George Anderson, Danville.
Emma Carpenter, Marshall.
Mabel Driscoll, Sycamore.
Elizabeth Opremechak, Virden.
Willis Overton, Swanwick.

Harold A. Wright, Cuba, graduate of 1922, will receive a certificate for piano teaching.

In addition to the address of the evening there will be given a beautiful musical program. The School's orchestra, comprised of twenty instruments, will play several very beautiful numbers and the Senior Chorus of a hundred voices will render "Inflammatus," by Rossini, and "Hail, Bright Abode," from Tannhauser.

Mr. Meyers, head of the violin department, and Miss Devesee, head of the voice department of this school, will assist in the programs.

EXAMINATION OF MINERS ANNOUNCED

Springfield, Ill.—The Illinois Miners Examining board has announced examinations on the following dates: Danville 4, LaSalle 5, Peoria 6, Collinsville 11, Eldorado 12, Herrin 13, West Litchfield 16, Carlinville 18, Springfield 19, Taylorville 23.

INFORMATION WANTED concerning the heirs of Samuel, Mahala, Polly Ann Eaton, children of Stephen H. and Charity Eaton, who lived in Greene County, Illinois, between 1840 and 1850.—Ruth Greer, White Hall, Ill.

It Thunders!

The Mighty Photodrama of Flesh and Steel

WEST BOUND LIMITED

Starring

RALPH LEWIS

Out of the welter of mediocre pictures thunders this veritable Titan of stupendous entertainment. It roars—it whirls—it rushes—it crashes—it flames—it seethes—it leaves you gasping at its multitude of scenic marvels, its colossal thrills, its stark drama, its epic heart tugs, its utter romance—its myriad wonders conceived and executed by the glittering genius of the man who made "In the Name of the Law" and "The Third Alarm."

Mae Murray in "JAZZMANIA"

If you have witnessed Mae Murray's recent photoplays—"Peacock Alley," "Fascination" and "Broadway Rose"—you will need no argument whatever to make you decide to see her latest, "Jazzmania." This new photoplay is by far the best she has done. In sumptuous backgrounds, in gorgeous costumes and feminine finery, in romantic interest and in its spectacular appeal, "Jazzmania" is simply astounding. It gives the beautiful star the most wonderful opportunities of her career. Her acting at all times is as colorful as her personality. Please don't do yourself injustice of missing this photoplay.

DEATHS

McBride
Thomas McBride, a well known resident of Jacksonville, who for many years was bridge construction foreman for the C. P. & St. L. railroad died at his home, 1002 East Lafayette avenue at 2 o'clock Saturday morning.

Mr. McBride was born in County Tipperary, Ireland, in May of 1858, a son of Patrick and Katherine McBride. He came to Jacksonville in 1872 and had since been a resident of the city.

The decedent was united in marriage with Johanna Ryan in 1881, who died in May, 1894. In 1896 Mr. McBride was married to Ellen Sevens who survives, together with the following children: James McBride, Jellet; Mrs. John Johnson, Jacksonville, and seven grandchildren. He leaves two brothers, James McBride of Chicago and John McBride of Ireland, and one sister, Mrs. Samuel McBride, of Litchfield.

Mr. McBride was a devout member of the Church of Our Saviour.

Funeral services will be held at the church at 9 o'clock Monday morning and interment will be in Calvary cemetery. Friends are requested to omit flowers.

BUY WILLARD BATTERY SERVICE

Homer M. Rowland and Jean P. Curtis have purchased the Willard Battery service station from the H. E. Wheeler Co. The business is to be conducted as heretofore at 213 South Main street. Both Mr. Rowland and Mr. Curtis are experienced in this line of work and the public is assured careful and considerate attention. The Wheeler company will continue to represent the Brunswick Co., retaining the present quarters at 215 South Main street.

The Walk-Over PRINCESS PAT Oxford

Seniors at Banquet
One hundred and forty-four high school, Woman's College and Illinois College senior girls were entertained yesterday afternoon with a banquet at the Pilgrim Memorial by the local chapter of the Association of American University Women. The speaker was Miss Grace Arlington Owen of Bloomington, a well known writer and lecturer. She came here from Ohio State University, where she directed a pageant of her own composition. In her address yesterday Miss Owen urged the graduates to seek their correct vocation. She used the theme, "Opportunities for Trained Women" and emphasized the need of special fitness for the calling in life which each graduate would choose.

The president of the local chapter, Mrs. J. C. Grout of Winchester, had charge of the meeting. The tables were decorated with spring flowers. Twelve tables were used to seat the guests.

Lafayette Children

In Picnic Park
The children of the sixth grade in the Lafayette school enjoyed an outing yesterday at Nichols park. They went early in the morning and took their dinners. Games and other stunts entertained the boys and girls. Mrs. Isabel Green is teacher of the grade, and accompanied the children on the picnic.

Feathergreen Given

Farwell Party
A farwell party for Mr. Feathergreen, who has been local manager for the Rothschild Clothing Co., was given last evening at Peacock Inn by Edward Bagale at which a sumptuous dinner was served to fifteen of Mr. Feathergreen's intimate friends.

Mr. Feathergreen has been local manager for the Rothschild company for the past seven months and left at one o'clock this morning on the Alton for Chicago where he will enter business, and the farwell dinner was arranged by a few of his many local admirers. He leaves many good friends here who wish him the greatest success in the years to come.

Mr. Feathergreen has been local manager for the Rothschild company for the past seven months and left at one o'clock this morning on the Alton for Chicago where he will enter business, and the farwell dinner was arranged by a few of his many local admirers. He leaves many good friends here who wish him the greatest success in the years to come.

State President to Be Guest of Clubs

Mrs. George Thomas Palmer state president of the Illinois Federation of Woman's clubs will be the guest of honor at the eighth annual meeting of the Morgan county federation. The meeting will be held on June 14 at the Duncan Memorial Home. Mrs. J. Marshall Miller, the district president will also be a guest. Mrs. Mary Turner Carriel will give the paper addressing the federation on Early Morgan county.

Inner Circle Reunion

Held at Streuter Home
The members of the Inner Circle met at the home of Mrs. Henry Streuter recently. This is the first meeting of this kind since the founder, Mrs. Streuter left for India some years ago. This circle was formed in 1908 when the girls were in her school room.

During the afternoon the class prophecy was read, and related many enjoyable events in the history of the Inner Circle, the prophecy being made in 1912.

Dainty refreshments were served by the hostess, assisted by her sister, Mada and mother, Mrs. Frank Greenwalt of Quincy, who were visitors at the Streuter home.

A general good time was enjoyed by those present.

Two Parties Given for Children

Two parties were held on Thursday and Saturday afternoon respectively for the children enrolled in the College of Music. The first one was held in Duncan Park on West State street as a reward for large recital attendance. The second was given in the gymnasium of the college as a reward for regular class attendance. The children attending the parties were as follows: Bernice York, Roberta Weirich, Clarence Turner, Edna Busey, Marilla Busey, Barbara Kennedy, Sara Mason, Mildred Mason, Elizabeth Acorn, Emma Louise Corbridge, Mary Torney, Elizabeth Graff, Marion Filson, Mildred Turner, Rhoda Olds, Ellen Condin, Charlotte Cade, Jeanette Fetter, Kathryn Filson, Dorothy Kent, Dorothy Jane Scott, Mary Elizabeth Elmore, Anabel Scott, Ernestine Schoedsack.

BILL FIEDLING**FORMER I. C. MAN HERE**

William Fielding, who graduated from Illinois College in 1922 was a visitor at the Inter-collegiate track and field meet yesterday. Fielding is now coaching the Metropolis, Ill., high school team and has just closed a very successful year.

Fielding was a star center on the Illinois College football team for four years and was greeted by his numerous friends on the campus yesterday.

Fielding has his eye on a couple of boys in Metropolis that he is going to try and send to Illinois next fall.

FAREWELL SOCIAL FOR MANCHESTER PASTOR

Rev. L. H. Williams Is Given Farewell Party By His Congregation Saturday Evening — Other Manchester News

Manchester, June 2.—A social was given at the home of William Arendell Saturday evening by the members of the Baptist church. The affair was in the nature of a farewell social for their pastor, Rev. L. H. Williams, who has tendered his resignation as pastor and will preach his final sermon Sunday.

There were sixty-five persons present and the evening was very enjoyably spent with games, musical numbers and short talks, among those who spoke being C. L. Leitzer, Mrs. H. M. Ingram and Rev. Mr. Williams. Rev. Mr. Williams was accompanied here from Alton by Mrs. Williams and little daughter, Mary Grace, and the latter gave two readings which were much enjoyed by the company. Delicious refreshments were served in the course of the evening.

It is with genuine regret that the people of the Baptist church bid farewell to Rev. Mr. Williams. During his pastorate he has made numerous friends in the community and the church has prospered under his leadership.

Enjoy Hike to Country

Miss Ruby Dean's Sunday school class, the "Buds of Promise," enjoyed an early morning hike to the country Thursday morning. They went to the Heaton pasture, north of town, where they cooked their breakfast over a camp fire. Those who made the trip were Ruth and Naomi Ingram, Edith Travis, Geraldine and Marjorie Alred, Mary Ina Wright, Irene Kelly, Lucille Dobson, Chloe Osborne and Miss Ruth Ramsey, the latter a guest of the class.

News Notes

Mr. and Mrs. L. C. Funk were Jacksonville visitors Friday.

Clarence Smith left Saturday morning for Springfield, where he will join the Shriners' band to go to Washington, D. C., for the week. The band will play during the Shriners' convention there.

Mrs. John Askew has been quit ill with pneumonia, following an attack of measles. She and her nine children were all ill with the measles at the same time. Several of the neighbor men were determined that Mr. Askew deserved some help with his farm work, so they went to his farm Tuesday and proceeded to put in his corn for him. Needless to say, the action was keenly appreciated by the Askew family.

Mrs. Ella Goodall of Jacksonville is visiting Mrs. George Blackburn and family.

An exciting runaway occurred west of town late Saturday afternoon.

Four teams were being driven from the field when the team in the rear became frightened and ran away. This caused two of the other teams to follow suit and it was some time before the frightened horses could be controlled. George Myers, who is employed on the William Clark farm, near which the accident occurred, was badly bruised and shaken up. The team he drove was hitched to a pair of cultivators and these were completely demolished. It is fortunate that the happening had no more serious consequences.

CLUBS

The board of directors and the advisory board of the Rev. James Caldwell chapter, D. A. R. will hold a meeting at 2:30 o'clock Tuesday afternoon at the Duncan Memorial Home. A full attendance is urged.

Mrs. A. W. Becker and Miss Lena Degen will be hostesses to the Catholic Ladies' Aid society Wednesday afternoon at 2:30 at K. of C. home on East State street. This will be the last meeting of the season and a full attendance is desired.

The Baptist Women's Union will meet at 1 p. m. Wednesday, June 6th at First Baptist church. Please bring scissors and thimble.

The Wednesday Social club will meet with Mrs. Ollie Parker, 920 West State street next Wednesday afternoon at 2:30 o'clock.

The Helen Rawlings chapter of the World Wide Guild will meet at the church Monday evening at 6:15. A supper will be served at 6:30 and the regular business session and study hour will follow.

The last chapter of the "Trend of the Races" will be studied. The Woman's Missionary society of State Street church will meet with Mrs. Marbach at the manse at 3 p. m. Tuesday, June 5th instead of June 12th. Members please bring items of interest on West Indies.

The Woman's Missionary society of the Congregational church will hold its regular meeting at three o'clock Tuesday afternoon, June 5th. This is the last meeting of the year and the program is of special interest.

WANTS TREMAINE

TO MEET CRIQUI

Cleveland, O., June 2.—Jimmy Dunn, manager of Carl Tremaine, of Cleveland, aspirant for the bantamweight title announced today that he would challenge Eugene Criqui on behalf of Tremaine for the featherweight championship. Dunn was for years manager of Johnny Kilbane the former champion.

Charles Ogle of Arcadia transacted business here yesterday.

Charles Curtis, the merchant from Sinclair, was a business visitor in Jacksonville Saturday.

WITH THE SICK

Mrs. James McAlister of Woodson was brought to Passavant hospital Saturday for treatment. Mrs. Walter H. Meyer, who recently underwent an operation at Our Saviour's hospital continues to improve and is now able to see a few of her many friends.

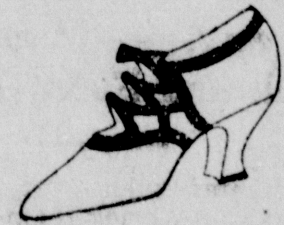

Mrs. R. B. Thompson of Roodhouse underwent an operation for Tumor at Our Saviour's hospital

Saturday morning Her son Edward D. Thompson of Roodhouse accompanied her to Jacksonville. Ruby Schaffer a student at the School for the Blind entered Passavant hospital Saturday morning for an operation.

Mrs. Alfred T. Capps of North Church street re-entered Passavant hospital yesterday morning.

Illinois Takes First In Intercollegiate Meet

BLUE AND WHITE SQUAD DEFEATED MONMOUTH WINNING RELAY RACE

Stepped the Distance in 3 Minutes and 30 2-5 Seconds Breaking the Record Made by Knox a Year Ago—Many Records Fell in Both Track and Field During Afternoon

Coming from behind when everything looked hopeless, Coach Harmon's Illinois track team in one of the greatest finishes ever seen on Illinois field copped the annual I. I. A. C. track and field meet by beating Monmouth in the relay race which was run in record breaking time, Illinois scored a total of 27 2-3 points.

Monmouth scored 26 1/2 points; Lombard third, with 23 3/4; Eastern Teachers fourth, with 23 1/2; Knox fifth, with 19 1-6. Carthage scored 10, Illinois Wesleyan 9, Bradley 7 3/4, Northwestern 7, State Normal 3 1/2, Millikin 2, Augustana 1.

Never before had such a scene been staged on Illinois field as that during the relay. The spectators started off with the sound of the gun and pandemonium raged until the finish and even afterward as Illinois students in a frenzy of joy staged individual dances on the field and hugged each other thru sheer happiness.

During the first part of this race, Thompson ran the distance in 56 seconds which was a marvelous exhibition. Painter of Carthage broke the record for the 120 high hurdles stepping the sticks in 15 3-5 seconds breaking the record held by Ed Tomlinson of Illinois since 1921. Swanson of Lombard equalled his record mark in the 220 dash made a year ago. Congdon of Monmouth also broke the record for the mile and new records were made by Hunter, Eastern Teachers, in the discus and Kirby of Eureka in the javelin. Considering the fact that Illinois was handicapped by the illness of Mellon which was felt in the discus and shot put the men put up a wonderful battle. Mellon did not even place in the discus in which he set a new record last year and only got fifth in the shotput in which he also set a record a year ago. Had he been in condition there is no doubt but that Illinois would have already hysteric, went crazy and such scenes as ensued probably will not be repeated on Illinois field for many years to come. It was surely a great ending of a day that in many respects was not perfect from a weather standpoint at least.

Just before the call for the 100 yards dash, it began to rain and shortly after its finish it began to pour, stopping the events for fully half an hour. This proved to be what the track needed for after a few minutes it dried out and was packed, making it lightning fast, as was proved by the records that went by the board.

Many Records Broken
One of the prettiest races on the card was the 880 yard run. In this race Congdon was favored to win. Warner of Bradley surprised the spectators by running Congdon off his feet. The men made a beautiful race thru the stretch and it was a tossup until the last few yards when Warner forged to the front and finished in record breaking time.

Another pretty race was the two mile run. In this race, Thompson smashed record to smithereens and nearly every man who placed probably ran the distance as good as the old mark. In the

fourth, Byers, Knox; fifth, Chaney Carthage. Time 15 3-5 sec. New record.

440 yards dash—First, Rhind, Knox; second, G. Niblock, Monmouth; third, Wells, Wesleyan; fourth, Johnson, Illinois; fifth, Schnaake, Carthage. Time—50 2-5 sec. New record.

Two mile run—First, Thompson, Monmouth; second, Lockwood, Northwestern; third, Miller, Knox; fourth, Work, Monmouth; fifth, Pittman, Illinois. Time—9 min. 54 sec. New record.

Shot put—First, Kirby, Eureka; second, Dale, Illinois; third, Meyers, Lombard; fourth, Changnon, State Normal; fifth, Mellon, Illinois. Distance—39 ft. 6 in. 220 hurdles—First, Darling, Wesleyan; second, Painter, Carthage; third, Swanson, Lombard; fourth, Mann, Monmouth; fifth, Hunter, Knox. Time—26 4-5 sec.

880 yards run—First, Warner, Bradley; second, Congdon, Monmouth; third, Schroeder, Illinois; fourth, Frye, State Normal; fifth, Kimmel, Illinois. Time—1 min. 57 4-5 sec. New record.

Discus—First, Hunter, Eastern Teachers; second, Mellon, Illinois; third, McGhee, Millikin; fourth, Thompson, Monmouth; fifth, Changnon, State Normal. Distance—123 ft. 3 1-2 in. New record.

Pole vault—Hatfield, Illinois college and McBride, Illinois college tied for first and second; Friedrich, Bradley and Hill, Knox tied for third and fourth; Ireland, Bradley, fifth. Height—11 feet 5 1-2 in.

Running high jump—Hatfield, Illinois and Duncan, Eastern Teachers, tied for first and second; Hyle, Wesleyan, third; Greathouse, Eastern Teachers; fourth, Sutherland, Eureka, Dale, Illinois college and Lewis, Knox, tied for fifth. Height—5 ft. 8 7-8 in.

Running broad jump—First, Greathouse, Eastern Teachers; second, Swanson, Lombard; third, Duncan, Eastern Teachers; fourth, Changnon, State Normal; fifth, Cook, Monmouth. Distance—21 ft. 8 1-2 in.

Javelin—First, Kirby, Eureka; second, Whittier, Eureka; third, Buchelt, Knox; fourth, Darger, Lombard; fifth, Hart, Lombard. Distance—172 ft. 2 in. New record.

Relay—First, Illinois, (Johnson, Rogers, Walker, Weber); second, Monmouth; third, Knox; fourth, Bradley; fifth, Lombard. Time—3 min. 30 3-5 sec. New record.

WISCONSIN MEET GOES TO BELOIT

BELOIT, Wis., June 2.—Beloit won the Wisconsin State track meet here today with 80 points. Ripon with 57 points was second. Others follow: Lawrence 16; Carroll 12.

GOPHERS DEFEATED NORTHWESTERN 4-0

CHICAGO, June 2.—Northwestern University today lost its final game of the Western Conference season to Minnesota 4 to 0. Although Northwestern got eight hits, Freid kept them scattered and ten men died on base. Minnesota on the other hand bunched five hits of Bengsten and was aided by five Northwestern errors.

Minnesota . . . 110 000 200—4 5 3
Northwestern . . . 000 000 000—0 8 5
Freid and Christigous; Bengsten and Stedman.

PURDUE HURLER WINS DOUBLE HEADER

LAFAYETTE, Ind., June 2.—John Campbell, Purdue University's star hurler, pitched both games of a college double header against Chicago today, winning both by identical scores 6 to 5. The second game went ten innings.

Score—First Game:
Chicago 5 7 2
Purdue 6 14 4
Arnt and Yardley; Campbell and Dearmond.

Score—Second Game:
Chicago 5 12 2
Purdue 6 12 5—10 in
Robrke, Weller and Yardley; Campbell and Dearmond.

HIGH'S HOME RUN HELPS BROOKLYN

BOSTON, June 2.—High's home run in the fifth inning off McNamara with one on base assisted Brooklyn to a 4 to 2 victory over Boston. Sensational support by McCarren aided Vance when he was in a pinch.

Score:
Brooklyn . . . 000 030 000—4 8 1
Boston . . . 101 000 000—2 8 4
Vance and Taylor; McNamara, Benton and Gowdy.

LOWLY RED SOX AGAIN DEFEAT YANKS

NEW YORK, June 2.—The Yankees today dropped their second game in a row to the lowly Red Sox by the count of 7 to 3. Howard Ehmke after a poor start settled down and let the Hugmen down with six scattered hits. George Burns, the slugging first baseman of Chance's team showed the way with the bat by getting four hits in five times at bat, one of which was a double. The Sox pounded three Yankee hurlers for 14 hits.

Score:
Boston . . . 000 002 410—7 14 1
New York . . . 200 100 000—3 6 1
Ehmke and Pielnich; Hoyt, Pennoek, Mays and Bengough, Hofman.

COLLEGE BASEBALL PLAYER KILLED

Morgantown, W. Va., June 2.—Cassell W. Mowrey, first baseman on the West Virginia University baseball team died this afternoon from injuries received Wednesday when he was hit by a pitched ball during the game with the University of Pittsburgh.

CY WILLIAMS HITS NINETEENTH HOME RUN

Philadelphia, June 2.—Cy Williams hit his nineteenth home run of the season today in the eighth inning of the New York-Philadelphia National League game, scoring Sand ahead of him. Nehf was pitching for New York at the time.

INDEES WILL PLAY PEORIA TEAM TODAY

Frank Smith's Indees will again meet the Peoria Liberties today at South Side Park at 2:45 o'clock.

A new face will appear in the local lineup on account of the sickness of Christopher. Manager Smith has secured the services of Teany of Franklin for today's game.

The probable lineup for the Liberties will be: Molleck, 3b; Argo, lf; McGrane, cf; Dixie, rf; Sauris, lb; Goddard, 2b; Restetter, ss; Rosenberg, c; Maple and Morton, p.

Smith will use Wheeler, 1b; Rube H. Clach, c; Fanning, 3b; Kohloff, 2b; DeFrates, rf; Burkery, ss; Teany or Johnny Wright, pitcher.

WESTERN MILITARY OUTCLASSES I. S. D.

The Illinois School for the Deaf succumbed to superior forces yesterday afternoon when they met Western Military Academy at Alton, in addition to being outclassed Pitcher Carlson 1-4 absolutely no steam and the soldiers punched the pill at will.

At one time when the score stood 3 to 2 in favor of the Academy a rain of about thirty minutes duration caused the calling of the game and the teams left the field. Later they decided to play it off after scraping the mud from around the bases and scattering cinders, but the deaf boys proved to be very poor performers in mud and the agony finally ended with a score of 12 to 2 in favor of the Academy.

Coach Burns, Mannen, Dillard and Massinkoff went to St. Louis for a short visit after the game, and the Misses Loar, Molohon, and Solberg, who motored down for the game also motored to St. Louis later.

NEGLEY OF KNOX WINS GOLF TITLE

In the students golf tourney Negley of Knox playing 36 holes won with a total of 169.

Govort of Illinois and Snow of Northwestern tied for second with 175 each and played two extra holes. Govort winning Other scores were:

Northwestern Knox 177 Norris Knox 184, Edwards Wesleyan 189, Large Knox 191 Huntley Knox 212.

In the faculty tournament Muhl, Illinois Wesleyan won with a score of 164. Oakland Northwestern second with 212.

NEW YORK HAD FIGHT WITH PHILADELPHIA

PHILADELPHIA, June 2.—New York had a real fight on its hands to defeat Philadelphia today but the world's champions were equal to the occasion and by pounding out seven runs in the last two innings nosed out the locals, 9 to 8.

"Cy" Williams made his 19th home run of the season in the eighth inning, scoring Sand ahead of him, but this blow was not enough to give the Phillies a victory.

Score:
New York 100 001 052—9 12 7
Philadelphia 000 102 122—8 12 3
McQuillan, Nehf, J. Barnes and Snyder; Ring, Head, Hubbell and Henline.

Michigan Triumphs Over Illinois in Big Ten

DEFEATED FIGHTING ILLINI BY ONE HALF POINT IN TRACK MEET

It Took the Relay Race to Decide the Title—Illini Wins First But Wolverines Take Third—Throw Out the High Hurdles Because of a Dispute Over the Event

ANN ARBOR, Mich., June 2.—Michigan triumphed over Illinois, 57½ to 57 in the bitterly contested Western Conference outdoor track and field meet on Ferry Field today. The last event on the program—the mile relay race—gave the Wolverines the half point necessary to win the championship.

Before the relay was decided Michigan had a margin of 2½ points over Illinois. The "Fighting Illini" broke the "Big Ten" record for the event and Frank Martin, of Michigan, crossed the tape in third place giving Michigan its victory.

The crack Iowa quartet finished second.

The meet resulted in a shattering of a world's record that has stood for 25 years. Charley Brookins, a curly brown-haired youth from the University of Iowa was the world record performer. In his trial heat of the 220 yard low hurdles, he clipped a fifth of a second off the world's mark leaping the barriers in 23.2-5, and finally won the event in the record breaking time of 23.1-5.

The former record was established in 1898 by A. C. Kraenclein, competing for the University of Pennsylvania.

The bitterness of the competition was indicated by the action of Harry Gill, coach of the challenging Illinois team, who threatened to withdraw his athletes after the officials had ruled that the 120 high hurdles, won by Johnson of Illinois, must be run over.

The third set of hurdles had been misplaced, it was claimed, and Dehart, the Michigan star, was thrown off his stride and stumbled over them finishing fourth. Hubbard protested and Charles A. Dean, the referee ordered the event raced over.

Coach Gill refused to allow his men to go to the mark and the meet was delayed for nearly an hour. After Gill threatened the withdrawal of his team, the officials decided to eliminate the event from the program.

"The Big Ten" records to fall were made in the pole vault, broad jump, 220 yard dash, 220 yard low hurdles and the javelin.

Third place honors in the scramble of points today went to Wisconsin with 27 points, while Iowa was fourth with 26. Notre Dame was next with 14 1-2; Minnesota 13; Chicago 10 1-2; Northwestern 7; Washington University of St. Louis 4; Ohio State 3 1-2; Missouri 2; Drake 2 and Purdue 1.

Summaries:
One Mile Run:—Won by Hall, Illinois, 4:20.5. Second, Brookins, Iowa, 4:21.5. Third, Snyder, Ohio, 4:22.5. Fourth, Newell, Wisconsin, 4:23.5. Time 23:1-5. (New world's record, former record 23:3-5, made by A. C. Kraenclein of University of Pennsylvania made in 1898.)

Pole Vault:—Won by Brownwell, Illinois, 12 feet, 6 inches. Second, Collins, Illinois, 12 feet, 3 inches. Third, Prusser, Michigan, 12 feet, 1 inch. Fourth, Kreiger, Wisconsin, 12 feet, 1 inch. Height 13 feet 2 inches. (New conference record; former record of 12 feet, 8 inches, made by J. K. Gold of Wisconsin, in 1913.)

Hammer Throw:—Won by Hades, Michigan, 111 feet, 11 inches. Second, Schmidt, Michigan, 110 feet, 11 inches. Third, Nichols, Wisconsin, 110 feet, 11 inches. Fourth, Van Ellis, Wisconsin, 110 feet, 11 inches. Distance 144 feet, 4 1/2 inches.

Broad Jump:—Won by Hubbard, Michigan, 20 feet, 11 inches. Second, Johnson, Illinois, 20 feet, 11 inches. Third, Campbell, Minnesota, 20 feet, 11 inches. Fourth, Snyder, Ohio and Hogan, Notre Dame, tied for fifth. Distance 25 feet, 1 1/2 inches. (New conference record; former record 24 feet, 1 inch, made by Carl Johnson of Michigan in 1919.)

One Mile Relay:—Won by Illinois (Smuts, Carter, Fitch and Sweet); Iowa, second; Michigan, third; Wisconsin, fourth; Wisconsin fifth. Time 3:20. (New conference record; former record 3:21 4-5 made by Chicago in 1915.)

440 Yard Run:—Won by Sweet, Illinois; Bier, Washington, second; Hagen, Northwestern, third; Fitch, Illinois, fourth; Everett, Ohio, fifth. Time 1:48 1-5.

100 Yard Dash:—Won by Wittman, Michigan; Wilson, Iowa, second; Ayers, Illinois, third; Brookins, Iowa, fourth; Tykle, Purdue, fifth. Time 9 4-5.

High Jump:—Won by Smith, Michigan; McEllen, Michigan; Tuhtar, Wisconsin and Weeks, Notre Dame, tied for second, third and fourth. Height 6 feet, 2 inches.

Shot Put:—Won by Vanorden, Michigan; Gross, Minnesota, second; Van Ellis, Wisconsin, third; Heath, Michigan, fourth; Esrey, Illinois, fifth. Distance 43 feet, 8 3-5 inches.

Javelin Throw:—Won by Angier, Illinois; Oberst, Notre Dame, second; Moes, Notre Dame, third; Lingelfelter, Drake, fourth; Priska, Chicago, fifth. Distance 193 feet 10 1/2 inches. (New conference record, former record 196 feet, 11 inches by Angier in 1922.)

880 Yard Run:—Won by Valley, Wisconsin; Morow, Iowa, second; Hilberts, Wisconsin, third; Reinke, Michigan, fourth; Hattendorf, Michigan, fifth. Time 1:55 1-5.

220 Yard Dash:—Won by Wilson, Iowa; Evans, Illinois, second; Hughes, Illinois, third; Spetz, Wisconsin, fourth; Wittman, Michigan, fifth. Time 21 1-5.

(New conference record, former record of 21 3-5 made by Jackson Scholtz, of Missouri in 1916.)

Two Mile Run:—Won by Isbell, Michigan; Crippen, Northwestern, second; Wade, Wisconsin, third; Phelps, Iowa, fourth; Bourke, Chicago, fifth. Time 9:41.

220 Low Hurdles:—Won by

Brookins, Iowa; Towler, Minnesota, second; Brickman, Chicago, third; Snyder, Ohio, fourth; Newell, Wisconsin, fifth. Time 23 1-5. (New world's record, former record 23 3-5, made by A. C. Kraenclein of University of Pennsylvania made in 1898.)

Pole Vault:—Won by Brownwell, Illinois, 12 feet, 6 inches. Second, Collins, Illinois, 12 feet, 3 inches. Third, Prusser, Michigan, 12 feet, 1 inch. Fourth, Kreiger, Wisconsin, 12 feet, 1 inch. Height 13 feet 2 inches. (New conference record; former record of 12 feet, 8 inches, made by J. K. Gold of Wisconsin, in 1913.)

Hammer Throw:—Won by Hades, Michigan, 111 feet, 11 inches. Second, Schmidt, Michigan, 110 feet, 11 inches. Third, Nichols, Wisconsin, 110 feet, 11 inches. Fourth, Van Ellis, Wisconsin, 110 feet, 11 inches. Distance 144 feet, 4 1/2 inches.

Broad Jump:—Won by Hubbard, Michigan, 20 feet, 11 inches. Second, Johnson, Illinois, 20 feet, 11 inches. Third, Campbell, Minnesota, 20 feet, 11 inches. Fourth, Snyder, Ohio and Hogan, Notre Dame, tied for fifth. Distance 25 feet, 1 1/2 inches. (New conference record; former record 24 feet, 1 inch, made by Carl Johnson of Michigan in 1919.)

One Mile Relay:—Won by Illinois (Smuts, Carter, Fitch and Sweet); Iowa, second; Michigan, third; Wisconsin, fourth; Wisconsin fifth. Time 3:20. (New conference record; former record 3:21 4-5 made by Chicago in 1915.)

440 Yard Run:—Won by Sweet, Illinois; Bier, Washington, second; Hagen, Northwestern, third; Fitch, Illinois, fourth; Everett, Ohio, fifth. Time 1:48 1-5.

100 Yard Dash:—Won by Wittman, Michigan; Wilson, Iowa, second; Ayers, Illinois, third; Brookins, Iowa, fourth; Tykle, Purdue, fifth. Time 9 4-5.

High Jump:—Won by Smith, Michigan; McEllen, Michigan; Tuhtar, Wisconsin and Weeks, Notre Dame, tied for second, third and fourth. Height 6 feet, 2 inches.

Shot Put:—Won by Vanorden, Michigan; Gross, Minnesota, second; Van Ellis, Wisconsin, third; Heath, Michigan, fourth; Esrey, Illinois, fifth. Distance 43 feet, 8 3-5 inches.

Javelin Throw:—Won by Angier, Illinois; Oberst, Notre Dame, second; Moes, Notre Dame, third; Lingelfelter, Drake, fourth; Priska, Chicago, fifth. Distance 193 feet 10 1/2 inches. (New conference record, former record 196 feet, 11 inches by Angier in 1922.)

Eugene Criqui Wins Featherweight Title From Johnny Kilbane

French Fighter Dethrones American Battler After He Had Held the Crown for Eleven Years—Criqui's Stamina and Punching Ability Carried Him Thru to Victory

POLO GROUNDS, New York, June 2.—Eugene Criqui, ex-poilu who came back to the ring after his jaw had stopped a German bullet at Verdun seven years ago, rose to the greatest heights of his pugilistic career today when he knocked out Johnny Kilbane, veteran American holder of the world's featherweight crown in the sixth round of an international battle before a crowd estimated at 25,000, in the Polo Grounds.

Criqui's stamina and punching ability carried him to triumph. Kilbane, who had held the world title for eleven years, had a shade the best of the defensive fighting, but at critical moments he was unable to stem the tide of Criqui's cyclonic attack.

The finish came suddenly in the sixth round, and when Kilbane's head appeared to have bailed the former polu's onslaught.

"Criqui fainted, then whipped in a terrific left to the body that staggered the champion. Kilbane drew away, expecting another left, but Criqui shot in a right across to the jaw and sent the American back on his heels and toppling to the canvas.

At the count of six Kilbane succeeded in getting to one knee, but fell back as Referee Jack Appel tolled off the count of ten.

It was only the second time in his long ring career that Kilbane had been counted out. In 1917, when at the height of his career as featherweight king, he went out of his class to meet Benny Leonard, lightweight champion, and was knocked out in the third round.

Following Criqui's sudden triumph, the challenger was seized by his jubilant seconds, but he freed himself for a moment and rushing to the fallen title holder's corner, kissed Kilbane on each cheek.

Then, as the crowd enthusiastically acclaimed the new champion, Criqui was carried from the ring by his manager, Robert Eudeline, and several polu comrades in uniform, who had escorted him to the ring.

The principals in the most picturesque international boxing event since the Jack Dempsey-George Carpentier battle two years ago, Kilbane and Criqui were a marked contrast.

The champion, gray-haired and thirty-four, was all smiles as he climbed thru the ropes and went thru the preliminary ceremonies. Criqui, however, had a look of determination on his face such as it might have worn before the zero hour as he waited in the front line at Verdun in 1916.

From the first tap of the gong Criqui's rugged aggressiveness gave hint of what was to come.

From a comparatively slow pace he plunged into a faster clip in the third round and worried the champion with a series of jabs and hooks to the head and body.

Kilbane, who apparently was fighting well within himself, took the aggressive for a short time in the fourth. He stung the Frenchman with several shots to the jaw but the chin that had stopped a bullet proved a durable target and the challenger bore it unheeded.

Criqui's victory was clean cut and decisive, but experts tonight were agreed that Kilbane had shown far from the form that won the featherweight crown for him in 1912 in a twenty round battle with Abe Attell at Los Angeles.

Criqui is 29 years old and started boxing nearly fifteen years ago.

Criqui has an especially likeable personality. The scar of his reconstructed jaw leads a grim but nevertheless softening appearance to his face. His quiet, gentlemanly manner has won him many friends since his arrival in the United States.

The crowd was a big disappointment to promoters, barely a third of the big National League Baseball park being filled. The upper grand stand and lesser priced seats under cover as well as the ringside section on the field were sparsely occupied.

Prospects of a big financial loss as a result of the poor attendance faced promoters, it was said tonight. Receipts were estimated at \$80,000 by Matchmaker Tom O'Rourke, while it was understood that Kilbane was to receive \$100,000 and Criqui \$30,000. In addition expenses for other fighters and promotion were said to be high.

Five other bouts, all among "little fellows," were on the card. Two eight round encounters were the star attractions of these, "Irish" Johnny Curtin, Jersey City bantamweight, receiving a judges' over Jack Sharkey of New York in one which preceded the main contest, and Louis P. ("Kid") Kaplan of Meriden, Conn., and Babe Herman of Los Angeles, battling to a draw staged before the championship match.

RUEL IS CHALLENGING HEILMANN IN BATTING HONORS IN AMERICAN

Gained 46 Points in the Past Week—Collins Leads in Stolen Bases—Zack Wheat Increases His Lead in the National League—Leading Batters in the Minor Leagues

CHICAGO, June 2.—Harold "Muddy" Ruel, catcher for the Washington senators, is challenging Harry Heilmann, the Detroit veteran, for batting honors of the American League. Ruel gained 46 points during the week and is runner-up to the Tiger slugger with an average of .403. Heilmann suffered a slight batting slump but still tops the players who have participated in 25 or more games with a mark of .425. Dick Reichle, of the Red Sox is third with .362.

The figures include games of last Wednesday.

Eddie Collins, of the White Sox, continues to play brilliantly. From present figures it would appear that Collins is going to have one of his best years. He is leading all major league payers in stolen bases with 16 thefts. Only four less than he pilfered all last season. He also is hobnobbing with the leading batters.

Numerous fans and critics predict that Babe Ruth will pass the veteran Philadelphia Cy Williams in home run hitting before Independence Day. Williams has made 18 four baggers, and Ruth eleven. Ruth is leading in total bases with 95, his hits besides the circuit drives including 10 doubles and four triples. Ruth also leads as a run getter with 37.

Other leading batters: Cobb, Detroit .355; Miller, Philadelphia .352; E. Collins, Chicago .349; Jamieson, Cleveland .342; S. Rice, Washington .339; Burns, Boston .336; Welch, Philadelphia .336; Ruth, New York .333; Witt, New York .329; Williams, St. Louis .329.

National League
Johnny Mokon of the Phillies and Clyde Barnhart of the Pirates are making rapid strides toward the top among the batters of the National League. Far down in the list a week ago, they are smashing out base hits regularly. Mokon got 19 blows in his last ten games, and Barnhart poked ten hits in six games. Mokon's mark went from .333 to .375 and Barnhart's rose from .311 to .353.

Zack Wheat, Dodger outfielder, increased his lead among the regulars from .417 to .424. He obtained 13 hits in his last six games. His nearest rival is Charley Grimm of the Pirates who has .400.

Frankie Frisch of the Giants leads the run-getters with 38, and Sammy Bohne of Cincinnati is showing the way to the base stealers with 11.

"Cy" Williams, of the Phillies, is in front among the major league home run hitters with 18. Williams, besides leading in four baggers, has made nine doubles and three triples.

Other leading batters: Southworth, Boston .379; Bottomley, St. Louis .376; Mokon, Philadelphia .373; Hornsby, St. Louis .370; Frisch, New York .367; Young, New York .367; Barnhart, Pittsburgh .353; Williams, Philadelphia .351; Neis, Brooklyn .345; Flack, St. Louis .345; Bagwell, Boston .345.

American Association
Joe Riggert, the St. Paul star, by getting an even dozen hits in his last eight games has climbed first in the American association. Bunsy Brief, of Kansas City Blues still leads however. Brief, with an average of .412, is also proving himself the best run-getter with 40 tallies and is far out in front among the home run hitters with 12 circuit blows. Brief also has nine doubles and three triples, which places him first in total bases with 98.

J. Smith of Toledo is Brief's nearest rival in batting with .397. Eddie Murphy of Columbus is showing the way to the base stealers with 13 thefts.

Other leading batters: Combs, Louisville .375; Lamar, Toledo .363; East, Minneapolis .357; Riggert, St. Paul .348; Brown, Indianapolis .346; E. Murphy, Columbus .346; Christenbury, Indianapolis .342; Drensen, St. Paul .341.

Southern Association
Haley of Nashville rose from 16th to 3rd place among the batters of the Southern Association. He now has an average of .360. Richbourg, a teammate, increased his lead and now tops the sluggers with an average of .388. R. Williams of Mobile has .372.

Murray of Nashville by scoring 34 times leads the run getters. A neun of Birmingham has taken the lead in base stealing from Moore of Atlanta. Neun has pilfered 15 sacks and Moore 12.

Three players are tied for home run honors with four each. They are Morrow, Chattanooga; D. Clark, Birmingham and Herman, Atlanta.

MATRIMONY

Pires-Endsley
Friends of Miss Nora Mae Endsley and Ernest V. Pires, both of this city will be surprised to learn of their marriage, which took place on April 4th at Centenary M. E. Church in St. Louis, Mo. The facts relating to the marriage were kept a secret until yesterday, when the friends and relatives of the young people were taken into their confidence. The bride is a daughter of Mrs. Julia Endsley of 327 East College street, and was a member of

the 1923 graduating class of the Jacksonville high school. Mr. Pires, who is a son of Mr. and Mrs. J. C. Pires of 569 Sandusky street, is employed as a cutter for J. Capps and Sons. Both he and his bride are popular among their friends and will have the best wishes of many. They will make their home in this city.

TO ALLOT FUNDS MONDAY FOR JUBILEE

\$2,100 Already Secured — Committees Add to Features to be Staged in Big Celebration — U. S. W. V. to Increase Camp Membership.

At 7 o'clock Monday evening in the Chamber of Commerce rooms, the various committees of the American Legion and Spanish War Veterans will meet with Chairman H. J. Rodgers of the finance committee in charge of the drive to raise funds for the big celebration and the money secured in the campaign will be allotted to the committees for use in preparing for the event. A total of over \$2,100 has been collected, with four teams yet to report. Notice has been sent to the team captains to bring their reports in to Chairman Rodgers by 5 o'clock Monday evening. It is believed that there are enough funds not reported to bring the total well beyond the \$2,500 mark.

Committees for both the American Legion and the United Spanish War Veterans are adding daily to the list of attractions for this city during the three days and an amazing program is about ready for publication. Announcement was made Saturday that the local ballroom, "Griz" Wiswell has been engaged to make one balloon ascension on the evenings of June 14th and 15th, under the auspices of the U. S. W. V.

Among other things the Spanish War Veterans are preparing to strengthen their camp before the Encampment, and to that end a party will go to Pittsfield this morning to oblige about ten new members who reside in Pittsfield and vicinity. Those who will probably make the trip will be Colonel O. C. Smith and family, Adjutant W. D. Harrington, H. Sparger, J. A. Ray, J. W. Lloyd, C. F. Baird, Chas. Reinhardt, Dr. C. B. Magill, J. B. Seng, B. Daniels and W. A. Vestrop. They will motor over and hold their meeting about 2 o'clock this afternoon returning to Jacksonville this evening.

The Special Committee having charge of the \$1,000 spectacular fireworks display and circus acts, together with the immense band that is to give the entertainment at the fair grounds on the evening of June 14th and 15th, during the Encampment, desires to announce that they guarantee the public the greatest program ever staged in Jacksonville.

Advices from the Schuler Studios say the magnificent picture pieces being built by them surpass anything ever attempted in the fireworks business. Memphis, the Fountain of Youth, the Statue of Liberty, The Old Mill and the Battle of the Seas are completed and will be shown for the first time in Jacksonville, to be followed in many of the larger cities during the summer.

The acts, many of them, are of the highest moral character and finished in their profession, coming from the largest organizations. The setting for these acts is elaborate and carefully selected, built at a great expense.

The production was secured thru special effort on the part of the committee and it is their earnest desire to give the people a real treat in the way of a spectacular and up-to-date performance and do credit to the Veterans at the same time.

LOOK FOR LARGE CROWD AT PICNIC

From reports which are being received by the Reverend M. L. Pontius, chairman of the committee of arrangements for the Protestant church picnic on June 7th, this affair will be far greater than has been anticipated.

From all parts of the county letters are rolling in stating that the different Sunday schools are lining up everybody in their respective neighborhoods for this picnic and the parade will undoubtedly be one of the largest events of the season. Each neighborhood is trying to outdo the others in the matters of attendance. The Waverly band will furnish music during the day.

All are invited to come with well filled baskets and any who have the idea that they are experts at baseball, basketball, horse shoes, foot racing or other sports should submit their names to the Reverend W. H. Marbach before the day of the picnic.

The address of Judge Harry Olson, judge of the Chicago municipal court, should alone be sufficient inducement for attendance as he is one of the best known speakers in the state.

METHODISTS PLAN MEETING TONIGHT

Leaders Met Saturday and Decided on Mass Meeting in Connection with Educational Drive For Endowment—Will Start Campaign June 24.

Methodist leaders of Jacksonville met yesterday morning at the Dunlap hotel in the interest of the bi-conference campaign to raise \$250,000 to endow the colleges situated in the limits of the Illinois and Central Illinois Methodist conferences. Dr. M. G. Terry, the district campaign manager, presided over the meeting. Others present were Dr. E. L. Fletcher, Dr. C. P. Johnson, R. Y. Rowe, E. E. Crabtree and H. J. Rodgers.

It was decided to hold a mass meeting this evening at Centenary church which will probably be addressed by Dr. W. H. Wedderspoon of Chicago. It is expected that Mayor E. E. Crabtree will preside at the meeting.

The group present at the meeting yesterday discussed plans for the local financial drive to raise Jacksonville's quota of the endowment fund. The local managers of the campaign will co-operate with the trustees of the Woman's college in any plans they may have formed. It was decided not to start the drive before June 24 and to finish on July 3rd.

MISS IRENE SMITH HAS BRILLIANT PARTY

Senior Class of High School Entertained Last Night With Dance at School for Deaf—Lighting Effects Picturesque and Unique.

About forty couples enjoyed the reception given last evening on the lawn at the school for the Deaf, by Col. and Mrs. O. C. Smith to the graduating class of the Jacksonville high school in honor of their daughter, Miss Irene, who was also a member of the class.

In addition to the regular lighting on the grounds 175 lights were erected extending in a double row from Webster avenue to the main entrance and also covering practically half of the south side of the lawn. A large spotlight was used to beautiful effect during the evening throwing many different colored lights upon the fountain which was playing in front of the main entrance. Occasionally all of the other lights would be turned off and the many different hued rays were turned on the dancers, enhancing the beautiful costumes worn by the young lady guests. The favors were caps of the class colors, blue and white and streamers of confetti of all colors were thrown across the dancers and made a very pretty scene in the colored spotlight. The grounds were also lavishly decorated in the class colors and on the building facing the platform was the 1923 class motto: "He Conquers, Who Conquers Himself."

The music for the evening was furnished by the Clown's orchestra which is also a high school organization and the boys acquitted themselves grandly. During the evening Russell Deatherage rendered several solos which were highly applauded by all present. Special dances during the evening were the Serpentine dance, Moonlight dance and the Sparklers.

Punch was served all during the evening and ice cream, cake and salted nuts were also served to the guests in abundance. Miss Fletcher and Coach Mitchell and wife were special guests of the evening.

PALMER FUNERAL IS HELD IN SCOTT

Service Took Place Friday Afternoon in Winchester—Other Items of Interest From Neighbors to the Southwest.

Winchester, June 2.—Funeral services for Alexander C. Palmer were held here at 2 o'clock Friday afternoon at the Christian church, in charge of Rev. Clarence Nording, pastor of the M. E. church, who officiated in the absence of Rev. Elmore who is ill. Music was furnished by the Christian church choir. Interment took place in Winchester cemetery.

G. S. Starks has sold his cafe here to T. S. Stewart of Franklin, who has already taken over his business.

W. H. Kinnison returned home today from an extended visit with relatives in Los Angeles, Calif. Mr. and Mrs. L. Schoen have returned to Chicago after visiting here with Mr. and Mrs. Gus Stroung.

Dr. H. H. Fletcher has returned from a business trip to St. Louis.

Edward L. Basley has arrived here from Galesburg to attend the eighth grade commencement exercises. His niece, Virginia Basley, is one of the class members.

Miss Mary Elizabeth Roark and her guest, Miss Mary Elizabeth Hall, both students at the Woman's college in Jacksonville were visitors this week at the home of the former's parents, Mr. and Mrs. Roark in this city.

ANDY GUMP COMING TO CHAUTAUQUA

Whole Family Will Appear When Cartoonist Gets Lusy with Crayon and Blackboard Here Next August

Andy Gump is coming to Jacksonville next August. This was the gist of an announcement made Saturday by Secretary H. H. Bancroft of the chautauqua board of directors.

While the statement said Andy Gump meant the whole Gump family, Min and Chester and Uncle Bim, for it is Sidney Smith in person, the creator of the Gumps, who will appear on the chautauqua platform.

The directors feel fortunate indeed that Jacksonville is to be one of the small group of cities Mr. Smith, now more than nationally famous as a cartoonist, will visit. He is to devote just three weeks to chautauqua work, so that the itinerary cannot include many cities.

It is interesting to note in this connection that Mr. Smith will travel in his \$22,000 Roll-Royce which was presented to him by the Chicago Tribune a few months since. It was announced at the same time that the Tribune had just closed a million dollar contract with the cartoonist covering a period of ten years.

Up From Obscurity

The Gump family has become a newspaper feature of very wide renown, as it is syndicated and appears simultaneously in a number of the larger papers. Sidney Smith not so many years ago was a comparatively little known resident of Bloomington. It is said that his artistic ability was first demonstrated as a sign painter. He was a traveler in this work and while still a youngster drifted from city to city painting signs on billboards and fences. Then a little later he secured a job on a country newspaper. Some of

his drawings attracted attention and then came the struggles thru which the average cartoonist has made his way to fame and fortune.

Mr. Smith was asked by an interviewer not long ago how he came to select the Gumps as the vehicle for his thought and just how far ahead he worked out his ideas. The answer was that Andy and Min with other members of their family and friends, came about as something of an evolution, that the whole plan of their activities was not outlined before the series began.

Andy a Man of Honor

The cartoonist said that at the same time that it was very interesting to him to know that people never want Andy to do anything that will bring discredit upon him or the Gump family. This fact was revealed in scores of letters when a year or two since by chance the cartoonist presented Andy in some action slightly off color. Immediately the protests came and the proof was given that Andy's friends look upon him as a highly honorable gentleman and they want only good motives and good actions attributed to him.

It is probable that none of the doings of the Gump family ever attracted more attention than the suit of Mrs. Zander against Uncle Bim. So widespread was the interest in this particular feature of the cartoonist's work that Zander vs. Gump trials were quite the thing and were given in all parts of the country as church and school benefits.

Andy Gump has received votes in many an election and as indicated Sidney Smith has such fame that the Jacksonville chautauqua board is very glad to be able to announce that he will draw cartoons and tell about the work of cartoonists on the chautauqua platform this year.

KIWANIANS BACK FROM CONVENTION

Representatives of Jacksonville Club Enjoyed Visit to Atlanta — Clubs Will Devote Special Attention to Under-Privileged Child Movement.

Representatives of the Jacksonville Kiwanis club who were delegates to the international meeting at Atlanta have returned home, they report including C. Y. Rowe, L. S. Reid, Francis Rantz, W. A. Berryman and Dr. A. B. Applebee.

The events of the convention program occupied four days and about 6,000 delegates were in attendance. One of the club activities which received special consideration at the convention was the under-privileged child movement. Kiwanis clubs are sponsoring this movement with the thought that they are thus improving society, for the under-privileged child of today is a future citizen.

The international Kiwanis organization has outlined a certain plan of work along this line in which all clubs are expected to join. The interest shown in the movement by the Atlanta delegates left no doubt as to their appreciation of the importance of the movement and gave an index to the active interest expected from the various clubs.

The Atlanta committees had made generous preparation for the entertainment of their guests and the social features helped make the convention days notable.

The reproduction of plantation days was a notable event and took the visitors back sixty years or more to the time of the old south. Colored singers by the hundred were there with reproductions of cabins and cotton fields. The unique idea was faithfully carried out.

This was only one of a number of the features of entertainment. Next year's convention will be held in Denver and the western city must

make an excellent showing if it equals the Atlanta record.

PLAN RECEPTION FOR H. S. GRADUATES

Bethel A. M. E. and Second Baptist Churches Plan Program in Honor of Misses Mabel DeFarris and Corinne Robinson.

The pastor and members of the Second Baptist church and of Bethel A. M. E. church are planning a reception and program in honor of Misses Mabel DeFarris and Corinne Robinson two members of the high school graduating class. SUNDAY MORNING, JUNE 3, 1923

Y. M. C. A. ADVOCATES PHYSICAL FITNESS IN TRAINING BOYS

Christian Church Thruout the World Must
Place a Larger Emphasis on the Rela-
tionship of Physical Fitness and Spir-
itual Growth—Plan of Work is Outlined

PORTSCHACH, Austria, May 15.—The Christian church thruout the world must place larger emphasis on the relationship of physical fitness to moral and spiritual growth; it cannot permit physical standards and forms of amusement and recreation to be determined by organizations holding lower standards of living.

This declaration is found in a report prepared for presentation June 2 to the 900 delegates comprising the Second World's Conference of Y. M. C. A. Workers with Boys by Dr. John Brown, Jr., of New York, as chairman of an international commission on the physical condition of boys. "The present physical condition of boys thruout the world," said the report, "and the conditions affecting the physical life of boys, constitute an imperative demand that the forces of Christianity and civilization shall be rallied to create a new attitude toward all questions having a direct bearing upon boyhood."

Among the conditions which the report emphasizes are the diseases causing the greatest number of deaths among the adolescents are largely preventable diseases; that there is a definite relation between mental retardation and scholastic standing and the occurrence of preventable diseases and physical defects, and that much of the best influences of the home church and school are undermined and counteracted by harmful influences of the leisure hours of adolescents.

A tentative minimum program of physical education, proposed by the commission for the consideration of the conference, includes the following:

1. A department of the government should give particular study to conditions affecting physical fitness of boys from 12 to 18 years of age.

2. Schools should recognize their peculiar responsibility for safeguarding and raising the

standards of physical fitness of boyhood.

3. Communities should provide play spaces properly supervised for free use of books.

4. A special responsibility rests upon the church to create a spiritual attitude and conception on the part of boys toward life in all its relations.

5. There is need for an organization that shall bring together and unite the various governmental and voluntary organizations or indirectly interested in the play and recreation of the youth.

The educational content in physical programs of various agencies has been gradually coming to the fore. "More attention will be given," says the commission, "to the development of organic vigor than to training of expert performers, to the mass rather than the few, to the needy, rather than the fit, to the informal and hygienic rather than the

(Continued on Next Page)

LETTER IS SENT TO MEMBERS OF CHAMBER

C. of C. Wants 100 Percent Col-
lection of Dues—Members asked
to Boost for Jacksonville
Thru Organization—Will Dis-
tribute Questionnaire.

Letters were mailed out last night to every member of the Chamber of Commerce, explaining the work which has been accomplished in the Chamber in recent months, and calling upon renewed co-operation on the part of the entire membership in the work of the coming year. In about ten days the biennial report of the organization will go out to the members, together with a questionnaire that is expected to result in the formation of a new program of work. In the questionnaire the members will suggest what they believe to be the most important thing the Chamber of Commerce can do in the coming year. The old program of work has been thoroughly worked, and the plans in that platform have nearly all been put in force.

The collection of membership dues in the Chamber of Commerce has been going forward very satisfactorily. Last year there were only seven delinquent members, and this year there are thus far only nine delinquents, while the total membership has increased by sixty over that of last year. It is hoped by the finance committee to cut down the delinquents to none before the collection period closes this year. Last year the local Chamber held the state record for percentage of dues collected, and this year the committee wants only the state record, but a one hundred per cent collection.

The letter which went out to the 560 members of the organization yesterday reads as follows:

Dear Member of the Chamber: The end of its second year of re-organization finds the Jacksonville Chamber of Commerce a firmly established agency for the up-building of this community. Its work has passed through the experimental stage and the Chamber is now recognized as a permanent institution which will continue to render effective service to the entire citizenship.

The "Summary of Activities" which will be mailed to you in a few days contains a list of the outstanding accomplishments of the past 24 months. After reviewing the activities undertaken and carried to a successful conclusion, I am confident you will agree with the statement that our organization has already justified its existence as a vital factor in the life of Jacksonville.

The Chamber must continue to "carry on" supplying the leadership which is needed to make Jacksonville an ideal city in which to work and live. The results of the past are only a "starter" to what can be done through effective community effort.

A feature of the year's work has been the splendid service rendered on committees by over three hundred members. With a continuation of this enthusiastic co-operation, and the financial support of our 560 members whose pledges brought the re-organized Chamber into existence we can secure even greater results for Jacksonville during the future than we have in the past. Let's insure the success of our 1923-1924 program by the prompt payment of dues and willing spirit of service which made last year's record of accomplishment possible.

Yours for Jacksonville,

R. Y. Rowe, President.

LABOR SITUATION

Babson Encouraged by Change in Labor's Attitude

Wellesley Hills, Mass., June 1, 1923.—Roger W. Babson today states that there is nothing for business men to fear in the present reported demands of labor.

"A few months ago I was disturbed at the attitude of labor, especially in the building trades," says Mr. Babson. "Wages had only been partly adjusted, following the abnormally high wages during the war, when the 'business boosters' turned the tide and prevented any further adjustments. This was unfortunate for all concerned. I say for 'all' because when the reduction in wages stopped, the reduction in the cost of living also stopped. Wage workers gain nothing by simply getting more money in their pay envelopes when it is offset by higher living costs. They can gain permanently only by producing more goods. Wage workers are enjoying better living conditions today—not so much because of their labor unions—but because of improved machinery, better management and the reduced cost of manufacturing. What labor needs is a readjustment in the cost of living, in the terms of food, clothing and shelter. This can never be brought about by raising plasterers to ten dollars per day. The highest wages are in the building trades, the highest rents are, and no one—but the tax collector—gains anything thru the rise in wages. This has been the situation during the past few months.

"There is today, however, a change for the better in the attitude of labor," says Mr. Babson. "This has been very evident during the past two weeks. Labor leaders are now better posted in the fundamentals of economics than they used to be. The abler

labor leaders see the dangers of getting into another inflation of wages and prices before the present area of business readjustment is completed. Today the inflation of 1918-1920 has only been 60 per cent deflated. The wisest labor leaders see this and are putting on the brakes. They themselves are glad to see some of the proposed building programs suspended. Yes, the labor situation looks much better today than it has for many months. There should be no more radical advances in wages until the remaining 40 per cent of the deflation is eliminated and until we are again in a permanent period of prosperity.

"This means that business men should make no further wage advances except to even up and equalize certain departments. Employees should quit competing with one another for wage workers. Employees should seek to produce more, in order to get more in food, clothing and shelter for their weekly wage. This was the attitude of all during 1921 and 1922; but during the first four months of this year, many employees and wage workers lost their heads. This is one reason for the recent temporary stock market slump. But both employers and wage workers have again come to their senses. At least labor conditions in most sections and most industries are better today than they have been during the past four months. In the meantime business is still holding up at 5 per cent above normal as indicated in the Babsonchart and the man who is doing a legitimate business—without speculating in either stocks or communities—has nothing to fear."

VALIDATING BILLS IN THE LEGISLATURE

Twenty Four Passed to Correct
Mistakes of Municipal and
County Government—Lee O'-
Neill Browne Opposed to Prac-
tice.

Springfield, Ill.,—Validating bills to the number of 24 have been introduced in the Illinois assembly this year—ten in the senate and 14 in the house. They legalize various mistakes made by municipal and county government since the previous session.

This practice of carrying the errors of the children to the fathers, as it has been described, is not a new one, but it has proved so popular that this comparatively large number of bills is the result. Some legislators, chief among them Lee O'Neill Browne, Democrat, Ottawa, have protested on nearly every occasion when a validating bill is on second, the amending stage.

Rep. Browne has said he is opposed to all validating measures as a matter of principle, because "When we approve these bills, we are encouraging the municipalities and counties to go ahead and make some mistakes."

Four of the bills have been enacted and signed by Governor Small. Probably of the most importance, since it affects several counties, is the Igoo measure. It validates the tax levy, not exceeding 25 cents on the \$100 valuation, of any county board for maintaining and improving state-aid roads whether in excess or within the rate authorized for county purposes.

Representatives Igoo, Democrat, Chicago, and Burgess, Democrat, Fairfield, lead in the house with two validating bills each. One of Mr. Burgess is duplicated in the senate by Senator Wood. Republican, Aurora, leads senate validators with two such measures.

The meticulousness of a municipal government is brought to light by a bill of Representative emergency bill it violates municipal bonds authorized by an election regardless of the fact that the designation of the polling place was omitted from the back of the ballots.

Cemetery associations and corporations transfers made to trustees for the care, embellishing or improvement of cemeteries, if the transfers were in violation of the laws of mortmain or the laws against perpetuities or accumulations, are legalized by a bill of the senate judiciary committee.

Other bills legalize, for instance, organizations of school districts and excess levies for school purposes.

MISS FAWCETT ON
EXTENDED VISIT
Miss Paula Fawcett expects to leave today for Plainfield, Ind., where she will be the guest of Miss Mary Lucile Judd, her room mate while at Oxford college in Ohio. Next Saturday she will go to Indianapolis where she will join three former Oxford students, and the four will proceed to Oxford, Ohio, to attend commencement exercises at their alma mater. Following her visit at the college Miss Fawcett will go to Winchester, Ky., where she will spend a week as the guest of Miss Helen Brown.

MRS. O'NEILL OPPOSED TO NATIONAL GUARD

Says It Encourages Growth of
Military Machine Inimical to
Peace—Is Against All Military
Appropriations.

SPRINGFIELD, Ill.,—Building up of the national guard encourages the growth of a military machine inimical to peace, according to Mrs. Lottie Holman O'Neill, Downers Grove, only woman member of the Illinois legislature, who announced that she would be against all appropriations for the guard or for the erection of armories.

Mrs. O'Neill believes that even now the edict of congress against a powerful military force is being circumvented by the rapid expansion of the national guard of the various states and that unless this expansion is checked America will wake up to find on its hands as dangerous an engine of war as it has ever had in its history.

"I am against all appropriations for the military in Illinois, and especially against appropriations for armories, which are dotting the state everywhere," said the woman law maker. "They are talking about economy. Now here is a good place to start economy."

"Congress voted for a small army, but the growth of the national guard is getting around this. It is an insidious and dangerous growth. The states are attempting to do what the national government has decided ought not to be done. These vast appropriations for military purposes in Illinois are but building a military machine in this state."

"The women of this state do not want to spend more money for military purposes. The men here in the legislature don't want it either, but they are timid about saying so because of the criticism it would bring down on their heads. The Women's International League for Peace and Freedom is against the expansion of the national guard."

Mrs. O'Neill said she would be against the appropriation for the proposed purchase of Camp Grant at Rockford when it comes up.

"I don't know what this means nor what they are going to do with this camp, but I think it would be just another useless expenditure."

SUPERINTENDENT OF
CLOTHING FACTORY LEAVES
N. J. Fedegreen, who for the past several months has been superintendent of the Rothschild-Stresberger Co., Clothing Factory in this city, returned to Chicago last night. The position is now to be filled by James Prohaska of Chicago, who will enter upon his duties immediately.

The relations which have existed between Mr. Fedegreen and the employees have been most cordial, and he was recently the recipient of a number of very acceptable gifts from the employees in various departments of the establishment. Needless to say, Mr. Fedegreen greatly appreciated these evidences of good will and esteem of those with whom he has been associated in past months.

Ben Davenport of Alexander transacted business in the city yesterday.

EXPECT BIG REVENUE ON FISHING LICENSES

Estimated it Will Amount to
\$300,000 in Next Two Years—
Will Make Fish and Game De-
partment Self Sustaining.

Springfield, Ill.,—A revenue of \$300,000 in the next two years, it was estimated, will be the result of the bill providing a 50 cent fishing license if the measures passes the legislature, according to a statement issued today by the state game and fish department.

The statement shows that while the department operated at a net profit of approximately \$61,000 for the 22 months of the biennial period 1921-1923, the fishing branch of the department operated at a loss. The receipts of the hunters and trappers branch were \$219,672.35 more than the expenditures, but in the fishing industry branch the expenditures exceeded the receipts by \$159,672.35 more than the receipts for 22 months were \$453,963.32, the report stated, while the total expenditures for the period were \$393,236.87.

The bill providing a license fee of 50 cents for all persons over 21 years old who desire the privilege of fishing in the state was passed last Wednesday by the house of representatives. It now goes to the senate. The net receipts over expenditures in the fishing industry, if this bill becomes a law, will total \$140,998.87 for each biennium, the game and fish department estimated.

The receipts from the fishing industry are derived as follows: Fishing licenses \$34,189.80, wholesale licenses \$4,950 fish violations, \$10,016.95, fishing activities \$7,021.81, making a total of \$56,178.56. The expenditures of \$215,179.69 for the 22 months of the biennium include officers' expenses, travel, salaries, wages, equipment, repairs, fish rescue, fosh, propagation and fish distribution.

The contention of the game and fish department, which is headed by William J. Stratton of Lake County, is that the fish industry of the state will become a profit making department, just as the game department is, if a fishing license is charged.

HOTEL COMMITTEE TO HOLD MEETING

On Tuesday evening at 8 o'clock the hotel committee will meet at the Chamber of Commerce. Present plans of the committee would indicate that ballots will be sent out to stockholders for the election of nine directors at a general meeting, to be held in about two weeks. There are 629 subscribers to the hotel fund, and a list of these will be sent to each stockholder, from which he is to vote for the nine directors.

The balloting will take place at the meeting, for which plans will doubtless be made Tuesday evening. It is planned to get the hotel project under way as soon as possible. The committee at its meeting will review the by-laws for the organization of the company, which have been prepared by Attorney Walter Bellatti.

Radium will lose half its strength in 1700 years and none of it would be left after 20,000 years.

JUSTICE THOMPSON TELLS TRIBULATIONS OF SUPREME COURT

Admonishes Lawyers About Flights of Oratory Not in Point With His Case—Says That Court is Only Interested in Merits of Controversy—Says Cite Too Many Cases

???, Ill., June 2.—Some of the tribulations of a state supreme court judge were revealed to members of the Illinois Bar Association annual meeting here in an address by Chief Justice Floyd E. Thompson of the Illinois Supreme Court.

Judge Thompson, the youngest chief justice in the United States, took his fellows of the "wool sack" back of the scenes of the state's high court to show them how judges of the tribunal work and the process their cases go thru to reach an opinion.

He admonished the lawyers about the language used in their briefs, criticizing disrespectful statements, heated criticisms and "flights of oratory of the street corner variety" which he declared are "neither entertaining nor enlightening."

"If the writer of a brief will place himself in the position of the court," said Justice Thompson, "and keep in mind that the court is interested only in the merits of the controversy and that it wants to get the facts and the law applicable to the case, with the least cost of time and effort, he will write a better brief and will serve his client better. The members of the Supreme Court of Illinois have little time to be wasted. They spend five months of the year attending sessions of court, and each judge must write about 75 opinions and read and consider about 450 opinions written by his associates in the seven months that remain. The typewriter is a great invention and has filled a great need, but it tends to make those who have the services of a stenographer and the use of a typewriter verbose. A liberal use of the blue pencil by the brief writer will save the court much unnecessary labor."

Justice Thompson said the tendency of present practice is to cite too many cases that are not directly to the point.

"This is confusing and a waste of the court's time," he said. Judges are human, despite statements to the contrary, and they naturally lose confidence in a brief after they have read several cases cited and find that they are not in point. If the author of the brief will read his cases with care and cite only those that are most nearly in point, both on the law and the facts, he will render a great service to the court."

Some of the best oral arguments heard by the court are by the young lawyers, he said. "They are not usually crowded with work, and the novelty of appearing before the supreme court probably causes them to take unusual pains with the preparation. Too many times the older lawyer trusts to his memory for matters that occurred in the trial court many months before. Frequently when several lawyers are employed in a case, they all come to argue orally. I have never seen good results from this. It nearly always impresses one with the idea that they are there to make the client feel that all of them are on the job. The ordinary case can much better be presented by one lawyer."

Justice Thompson explained that the cases are assigned to the judges of the court in rotation, adding that "there are no favorites on the court and no favors are shown." Each judge writes (Continued on Next Page)

Church Service Announcements

First Baptist Church—More good news about the Protestant Church picnic on June 7th, will be given at the Sunday school at 9:30 a. m., on Sunday. Dr. G. H. Kopperl is superintendent. The morning service is held at 10:45 a. m. The pastor, Rev. A. P. Howells, will preach on the subject, "There Was a Man." Miss Ruth Armstrong will sing and Miss Olive Engle will be at the organ. The Baptist Chapel Sunday school convenes at 2:30 p. m. Prayer meeting is held on Friday night, "The Shepherd Isalm," is the subject of the Senior B. Y. P. U., at 6:30 p. m. The patriotic service of last Sunday night has been postponed until 7:30 this Sunday evening. The subject is "Patriotism in Poetry." Miss Armstrong will sing one of the poems put to music. Prayer meeting is held on Wednesday at 7:30 p. m. The Children's Day service will occur on Sunday week, June 10th, during the morning hour. Visitors in the city are cordially invited to attend any or all of these services.

Central Christian Church—Minister, Rev. M. L. Pontius, superintendent of Bible school. Ben C. Roodhouse, Bible school at 9:30. Morning worship, 10:45. Special Children's Day program, followed by a short talk by the pastor, Christian Endeavor, 6:30. Evening worship at 7:30. Mr. Pontius will preach upon the theme, "Reflected Glory." Mrs. Elmer Ellis will sing both morning and evening.

Trinity Episcopal Church—J. F.

Langton, rector, H. M. Andre, senior warden; Prof. J. G. Ames, junior warden; William Robinson and Prof. Henry Caldwell, lay readers. First Sunday after Trinity; Early service, 7:30; Sunday school, 9:30; Holy communion and sermon, 10:45.

Salem Evangelical Lutheran church, College street at South East—Rev. J. G. Kuppler, pastor. Sunday school at 9 a. m. Public worship in German with holy communion at 10:30. English evening service at 7:30. Theme: "Elijah in the Presence of God on Mt. Horeb." At 2 p. m. an extra congregational meeting will be held. Important business demands the attention of all. The Ladies' Aid will meet Thursday with Mrs. Wm. Graubner, 316 Franklin street. The L. W. C. will meet Thursday evening at the school. A cordial welcome to all services.

Northminster Presbyterian Church—Walter E. Spoons, minister. Preaching at 10:45 a. m. and 7:30 p. m. by the pastor. The morning subject will be: "God's Call and Man's Answer." The evening subject, "Making the Best of All Things." Sunday school at 9:30 a. m. William Bieber, superintendent. Let every member of the school be present in order to make arrangements for the picnic next Thursday at Nichol's park. Christian Endeavor at 6:45 p. m. The Educational Lecture for next Wednesday evening will be on "Metropolitan New York." This lecture will be illustrated with 64 beautifully colored

slides. The city problem is one of the most pressing today. In New York we have it in the nth degree. This lecture tells how our church is meeting the problem. An illustrated hymn will be used of 21 slides. A cordial invitation to everybody.

Congregational Church, George E. Stickey, pastor—Church school will meet at 10:00 instead of 9:30 as usual. Dr. Post's Bible Class will not meet this Sunday on account of preparation for the Children's Day exercises. At 10:45 there will be the Annual Children's Day exercises by the students of the church school. The complete program appears elsewhere in the paper. All parents are especially invited to this service. There will also be the christening of little children and reception of members into the church. At 6:30 there will be an important meeting of the Senior Christian Endeavor. The election of officers for the coming year will take place at this time. All members are urged to be present. Other appointments for the week are as follows: Boy Scouts at 7 Monday. Missionary Society at 3. Wolf Cub Pack at 4 Tuesday. Prayer meeting at 7:30 Wednesday. The Wolf Cub Pack, Jolly Workers, and Busy Bees meet Thursday at 4. Business and Professional Woman's clubs meet Friday at 7:30.

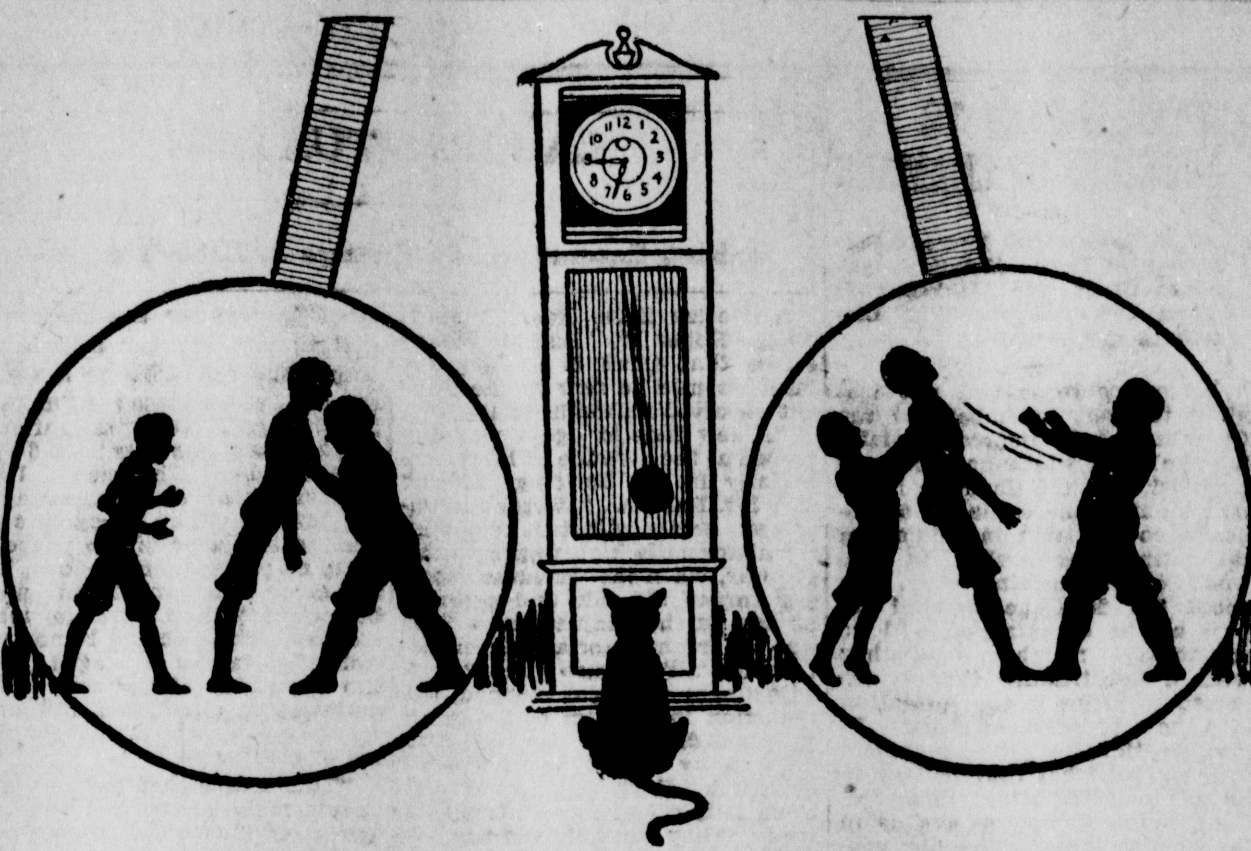

Centenary Methodist Church—C. D. Robertson, pastor. Sunday school at 9:30 a. m. A. C. Metcalf, superintendent. The morning service will be dismissed and united with the congregations of the other Methodist churches for the Baccalaureate service for Illinois Woman's College at Grace church. In the evening there will be a great union service of all the Methodist churches held at Centenary church. Dr. Wedderspoon, who will deliver the Baccalaureate sermon in the morning, will also be the speaker at this service. The great protestant picnic will be held at Nichols park Thursday, June 7. Every one should be in line for the parade which starts at 10:30 a. m. Centenary should have a strong delegation.

First Church of Christ Scientist, 323 W. State street—Sunday morning service at 11 o'clock. Subject of lesson sermon: "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced." Sunday school at 9:30. Wednesday evening testimonial meetings at 8 o'clock. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the services and to visit the reading room.

Grace Methodist Episcopal church—Thos. H. Tull, pastor. 9:30 a. m. Sunday school. T. V. Hopper, superintendent. 10:45 morning worship. Baccalaureate service. Rev. Wm. R. Wedderspoon, D. D., St. James Methodist Episcopal church, Chicago, will deliver the sermon. 4:30 p. m. Jun-

Games, Sports,
Play, Stunts

The Fun Maker

Real Fun for
Every One

Tick Tock, Who Wants to Play Pendulum?

Look at a grandfather clock. See how the pendulum swings back and forth, slowly, never bending. That's where three boys one day got the idea for a new game which they called "Pendulum."

Usually three boys play at a time, though sometimes more have to be called in. One boy is counted out as "it," and he must be the first pendulum. The other two boys are the springs of the clock, and it is their job to keep the pendulum going without stopping, just like a real clock.

The two boys who are to be the

springs of the clock stand facing each other, three feet apart. Midway between them the pendulum takes his place. He must hold his body absolutely stiff, arms stiff at his sides, looking as much like a pendulum as possible.

Pendulum Swings

When all three are in place, the clock spring behind the pendulum gives him a shove and he sways forward to the spring facing him, keeping always rigid. The two springs keep the pendulum going back and forth as long as he can stand rigid

and as long as everyone can keep from laughing. Take turns being pendulum and spring. The boy who can "swing" the longest is the prize winner.

There is lots of excitement in the game when a fat boy gets the job of pendulum. Three or four boys may have to be used to push a heavy-weight back and fourth, but this makes it all the more fun to play.

(Next week The Fun Maker will tell you how to play the "Soak Ball" game.)

JUSTICE THOMPSON TELLS TRIBULATIONS OF SUPREME COURT

(Continued from Page 9)

him and reads the opinions of the other judges in the cases assigned them. When the court meets for consideration of opinions, each judge is prepared to vote on the opinions as they are called. In the opinion receives four or more favorable votes, it is adopted and if it receives less than four it is rejected and the case is re-argued.

Petitions for rehearing are welcomed, Justice Thompson said, "because no judge wants an opinion to stand which is not right."

In conclusion he said: "Let me repeat, that the court is anxious to do justice between the litigants, and desires to decide the cases on their merits. Proper co-operation by members of the bar will greatly aid the court in this desire. If lawyers will bear in mind that they are part of the judicial department of the government, and that it is as much their duty to assist the court as to represent their clients, much better results will be accomplished. Sharp practice never pays. It may gain a temporary advantage, but in the end it will cause the public to lose confidence in the lawyer indulging in it and will destroy his standing before the courts. A lawyer's greatest asset is a good reputation founded on a good character, and he ought to guard this with watchful care."

ON TOUR OF WEST

Mrs. Charles E. Scott, Mrs. Hatfield Marsh, Mrs. Nellie Sanderson and Mrs. William Babb will leave tonight over the Chicago and Alton for Kansas City where they will take the Santa Fe limited to Grand Canyon and will go from there to Los Angeles and will tour California for about two months. On their return trip they will spend some time in Colorado Springs, Colo.

PUTS MARE IN TRAINING

Bert Rule of, Roodhouse brought a promising young pacing mare to this city Friday which he placed in the hands of Clark Green for training at the Morgan county fair grounds track.

ABUSE

There is hardly a worn out Ford in this county that has received half the abuse that the average person gives his stomach.

It is not only misused by improper eating, but if something goes wrong with the heart, liver, kidneys, lungs, etc., drugs of various kinds and quantities are put into the innocent stomach, and it has to suffer. :: ::

Y. M. C. A. ADVOCATES PHYSICAL FITNESS IN TRAINING BOYS

(Continued from Page 9)

formal, highly specialized and extremely competitive types of work. "The value of physical education depends upon the quality of leadership more than upon all other factors combined. Only under such Christian leadership will progress be made in developing better methods for the larger and more exacting demands of the future."

Information gathered by the commission indicates a very general conviction that the Young Men's Christian Association "should seek to supplement in every possible way what is now being done by the state school, municipality and church and to co-operate with these agencies to function effectively in relation to the physical welfare of boys. Frequently the most effective service which the association can render to the boyhood of a nation or a community is by way of suggestion, counsel or demonstration to those responsible for guiding the policies of such agencies along desired lines."

MISS TURLEY TO BE IN REVENUE OFFICE

The vacancy in the local revenue office caused by the recent death of Miss Helen Whitmer will be filled by Miss Lee Turley, a former resident of Jacksonville and who is now employed in the revenue offices in Springfield. Miss Turley will assume her new duties on June 15th.

CANTON FIRM REORGANIZED

The reorganization of the Roller Printing Company, Canton, O., recently resulted in the election of the following officers:

President and treasurer C. M. Chipcase; Vice President and Manager, J. C. Voges, and secretary Urban A. Wernett. Directors include the officers and F. C. Shanafelt and A. M. McCarthy. The plant has been enlarged and new equipment installed. It is the oldest printing establishment in Canton.

OFFICIALS GRATEFUL

"Known for Ready-to-Wear"

Exquisite complexion is sure, by building more Red-Blood-Cells!

Beautiful complexions come from blood that is rich with many Red-Blood-Cells. Every woman can now have a queenly complexion in a surprisingly short time by using S. S. S., the great builder of Red-Blood-Cells.

Madam, here is just the reason why you have had such a hard time trying to obtain that spotless, queenly complexion that makes

Women with beautiful complexions have clean, pure blood flowing through their arteries.

half the world drop its work to love and admire! Glorious secret! Glorious, glorious because it's true, because it is based on a law of nature which is absolutely certain, and which never, never fails! It is as old as the hills, yet new to you and to millions! A trial will prove its success in your own case. Beautiful complexions can be made quickly and surely. Beautiful complexions come from "beautiful" blood—blood that is rich in red-blood-cells. The more red-cells, the richer your blood. The clearer the purer your blood, the clearer the skin. The clearer the skin the more spotless is your complexion! It size is the more economical.

S.S.S. makes you feel like yourself again

Miss Margaret Frye, Lapel, Ind., writes: "I was troubled with pimples and blackheads, was nervous and was losing weight. I took S. S. S. I gained in weight. My skin cleared up. S. S. S. is the most wonderful blood medicine I have ever taken. Several of my friends are now taking it for the same reason I did."

becomes smooth, velvety. Blood impurities are always pumped by the heart into the face. That is what causes that grainy appearance, that muddiness, sallowness, pimples, blackheads, acne, red spots, and that impossible "something" which no face cream, massage, or face powder can cover up or beautify! The foundation for a beautiful skin simply is not there, and no face treatment can give it to you. But increase your red-blood-cells, and quickly the ruby tint of purity begins to glow in the cheeks, the complexion becomes venus-like and immaculate! Try it. It will do it every time. S. S. S. builds the red-blood-cells you need for a beautiful complexion. Most of us haven't enough red-blood-cells, even though we may be in fairly good health and have no skin eruptions. Begin using S. S. S. at once, and give yourself what you have been working for, for years. S. S. S. is purely vegetable. It is sold at all drug stores in two sizes. The larger size is the more economical.

INTERESTING PROGRAM AT MEREDOSIA SCHOOL

Eighth Grade Commencement Exercises Held in High School Auditorium—Other Meredosia Items.

Meredosia, Ill., June 1.—The eighth grade commencement exercises took place Wednesday evening at the high school auditorium. The room was decorated with the class colors, blue and white and potted plants and the motto "Beginning." The class flower was Red Rose. The following program as scheduled was carried out:

Processional—Mrs. Hal Naylor. Invocation—Rev. W. C. Heidenreich. Class song—By Class.

Salutatory—Cora Jeanette Kinett.

Instrumental Duet—Mrs. Hal Naylor—Mrs. Paul Sieving.

Class Poem—Harry Yost.

Valedictory—Eldred Hedrick.

Song—"Lullaby"—Male Quartette.

Address—Rev. G. W. Holmes.

Song—"Breeze of the Night"—Male Quartette.

Address—Rev. W. C. Heidenreich.

Presentation of Diplomas—President of School Board.

Benediction—Rev. Guy W. Holmes.

The class numbered eleven and was composed of the following pupils: Cora J. Kinnett, Madeline J. Schmitt, Opal Raush, Clara Mayes, Eldred Hedrick, Joe Hughes, Harvey Dawson, Silva Raush, Frances Edlen, Harry Yost, Robert McCallister.

The male quartet was composed of Hal Naylor, C. L. Guthrie, Louis Yeck and Harry E. Test, with Mrs. Hal Naylor as pianist.

The program through was very entertaining and well received by the large audience present.

Mr. and Mrs. Emil Brockhouse of Beardstown attended the 8th

grade commencement exercises on Wednesday evening.

Mrs. Mollie Gaskill of Bluffs visited Mrs. Mary Walsh Thursday.

Mrs. Walter Hyde, Misses Meyle Bennett, and LaVerne Unland, Mrs. Charles Gard and son Harold motored to Jacksonville Thursday.

Will G. Looman received word Wednesday of the illness of his son Kenneth at Peoria. He is confined with scarlet fever in a hospital in the above city.

Mr. and Mrs. Eli Harshman visited relatives in Griggsville Thursday.

Wayne Jeffers of Hume, Ill., visited friends here Tuesday.

The Board of Education for the grade school have succeeded in securing their entire faculty for the ensuing year as follows:

Prin. C. H. Brannon of Jacksonville, who will have charge of the seventh and eighth grades.

Miss Rose Mary Moore for fifth and sixth. Miss Dorothy Gardley of Mt. Sterling for third and fourth and Miss Velma L. Lawrence of Jacksonville for first and second.

George Mayes who has been numbered with the sick of the past week is again able to be at his place of business.

LITERARY UNION TO HAVE OPEN MEETING

The annual open meeting of the Literary Union will be held Monday evening at the Peacock Inn.

Dinner will be served at 6 o'clock to the members and their invited guests and afterward will come the program.

Rev. W. H. Marbach is the president of the Union and will preside at the meeting Monday night.

The address will be given by Dr. R. V. Brokaw, who is a member of the society. Dr. Brokaw will discuss "Correlations of the Soul."

L. O. Vaughn is the chairman of the committee in charge of the arrangements.

Black mamba, a poisonous snake of South Africa, travels so fast it can keep pace with a galloping horse.

MURRAYVILLE

Mr. and Mrs. John Johnson of Iowa came this week to see Mrs. Johnson's mother, Mrs. Sarah Sooy, who has been confined to her bed several months and remains in a serious condition.

Ira Tribett of Chicago is visiting his parents, Mr. and Mrs. Samuel Tribett.

Mrs. Maude Rimbey received word Thursday that her father, A. T. Fuller of Louisiana was quite ill and she expects to go there Sunday.

Mrs. E. R. Clemmens of Centralia is visiting her parents, Mr. and Mrs. H. U. Osborne.

O. B. Fuller of Kansas City is visiting relatives and friends here this week.

Monroe Ash and family of Centralia are here for a visit with his sister, Mrs. S. B. Hidden, and family, and to attend commencement.

Mrs. Ludella Seymour has accepted a position at Maplewood Sanatorium and took up her duties there this week.

Mrs. Mary E. Boruff received word this week that her husband, John Boruff, had undergone an operation for the removal of a cataract from his eye at the State Eye and Ear Infirmary in Chicago, where he has been a patient for the past ten weeks. Hopes are entertained that Mr. Boruff's eyesight will be greatly benefited by this operation.

Miss Ruth Mellor went to Jacksonville Friday, where she will have her tonsils removed Saturday at Passavant Hospital.

The Ladies' Aid society will hold their Memorial service Tuesday afternoon, June 5th, in the church, to which all are invited.

Following is the program, which will be given promptly at 2:30:

Opening Song—"What a Friend We Have in Jesus."

Prayer—Mrs. W. C. Harms.

Roll Call—Secretary, Mrs. Susan Carlson.

Vocal Duet—Mesdames Harms and Kirby.

Reading—Mrs. Sarah Wade.

Reading—Miss Clara Millard.

Solo—Miss Stella Cunningham.

Reading—Mrs. S. B. Robinson.

Song—"Blest Be the Tie That Binds."

A short talk and benediction by Rev. W. C. Harms.

A whale recently caught off the shores of Greenland had in its body the head of an old harpoon, which experts estimate must have been there 50 years at least.

FINDS BONE WAS FRACTURED IN FALL

Matthew Minter, instructor in shoemaking at the School for the Deaf became a patient at Passavant hospital Saturday noon.

Two weeks ago, Mr. Minter was climbing the stairs that lead to his room at the institution and tripped on one of the steps and fell with his weight on his left arm.

The arm pained him a great deal but it was thought that the trouble was caused by a severe strain. Saturday night the pain became intense and Dr. Woltman took him to Dr. Chapin's office where an X-ray picture showed that one bone in the arm just above the wrist had been broken.

Mr. Minter is resting very easy this morning.

Pennsylvania Hard Coal For 1923

The eastern states have just gone through their greatest coal shortage. There is no assurance that the spring and summer tonnage will ever get caught up with the demand in 1923.

On September 1st the Present Mine Wage Scale on Hard Coal Expires

The hard coal miners want more money. Their low day pay scale is about \$5.00. The low day scale for soft coal miners is about \$7.50. This is what the hard coal miners are asking for. It looks like more money and higher priced coal or a strike. Take your pick and take your chances.

Get Your Hard Coal Early and You Are Safe

Prices will not change much this year. The most important factor now in anthracite is that of getting it. It will be impossible to make up the lost tonnage and the east will be given the preference. So the wise householder will get his coal now while it can be obtained.

Diamond Grove Memorial Mausoleum

Above we picture for the first time the larger Diamond Grove Memorial, a building of 630 crypts capacity, covering more than double the area of the first perspective shown. It contains two corridors, extending the full length of the building and the chapel in addition to being almost double in size, contains a choir loft of ample proportions. It contains ten private family rooms, ranging in size from two to ten crypts each. It also contains sixteen side opening DeLuxe crypts spaced at the right and left in the chapel and 470 end opening corridor crypts.

The exterior of this beautiful Memorial is entirely of stone best suited to the purpose of permanency. The interior is entirely of marble of the finest quarried in America. The doors, gates, sash and grates are entirely of bronze. The windows are of stained art glass, the steps of stone that match the building.

After many months of effort on our part in an endeavor to obtain suitable space in Diamond Grove for a mausoleum, we were given an option to purchase a minimum of 10,000 square feet in Lincoln Park, with the provision that we build a Memorial of not less than 300 crypts capacity. The original or first shown plot was of this size and was subsequently sold and a new and larger one was substituted some weeks ago.

There is no mausoleum of our knowledge outside the larger cities that can compare with what we are showing at this time and why not—in Jacksonville.

YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers Sailors and Marines.

Italy has a national organization of disabled soldiers with nearly 400,000 members.

The personnel of the British navy is 20,000 men greater than that of the American navy.

Payment of the \$55,000,000 State bonus to Illinois soldiers and sailors of the World War will begin in July.

Headquarters of the Veterans of Foreign Wars are to be moved from New York City to Kansas City, Kansas.

Every day mothers and fathers from all parts of the world are to be seen going over the battlefields in France and Flanders seeking the graves of their sons.

The government of New York recently signed a bill providing a life annuity of \$500 for men of that state made totally blind in service in the World War.

The tallest sailor in the American navy is C. Forrester, stationed at Great Island training station. With a height of over seven feet, he tips the scales at 250 pounds.

Younger veterans of the American Legion propose to assume the duty of observing Memorial Day, which is celebrated by the fast thinning ranks of the Grand Army of the Republic.

As an honor to the British World War dead, citizens in London are expected to remove their hats when passing the Cenotaph. Women lower their voices and turn their heads toward the memorial.

The expression of "Gone West," meaning dead, originated during the world war. When a regiment was sent west, it meant that they were going into heavy fighting and would probably never return.

The Honorable Artillery Company of London, which received a charter from Henry VIII in 1537, is said to be the oldest military organization in the world. Units of the regiment served in France, Egypt, Palestine and Italy during the World War.

Germany has 2547 completely blinded World War veterans. Sixty per cent have taken up their careers that they followed before being blinded; 12.5 per cent remained at their former employment, and 7.5 per cent are occupied a part of the time.

Ten thousand World War veterans, now in training at Government expense will be put "on their own" within the next six months, and be given jobs in civil life. Many of the largest corporations in the United States have agreed to help placing the rehabilitated men.

Because the American flag is considered too long in proportion to its width to be artistic, a reduction 12.1 per cent in the length of the present standard size has been decided upon by the Fine Arts Commission in Washington, D. C., to be the most artistic proportion.

A questionnaire has been sent to all officers of the United States army for their views on proposals to substitute the roll collar for the tight-fitting one in the uniforms. Preference as to olive drab or black and white striped ties and opinions on the advisability of adopting blue dress uniforms for officers and men are also asked.

In the clock tower of one of the halls of the National Academy a bell has been placed, formed from parts of the scrapped battleships Alabama, Indiana, Massachusetts, and Michigan. Special significance was given to the selection of material for the bell, as the ships used for the purpose had frequently carried the midshipmen on their summer practice cruises.

The color of the hat cord worn by enlisted men in the infantry branch of the United States army is light blue; cavalry yellow; artillery, scarlet; engineers' corps scarlet intertwined with white; signal corps, orange intertwined with white; medical department, maroon; quartermaster corps, buff; ordnance department, black intertwined with white; motor transport corps purple.

More than 50,000 persons in France subscribed to a fund for a monument to the American volunteers who joined the French army before the United States entered the war. Every regiment in the French army, including even the battalions in the remote regions of Africa. President Miller and, Premier Poincare and all the Marshals of France, former Premiers Briand and Clemenceau, Ambassador Jusserand and the members of the Cabinet and the editors of most of the newspapers were among the subscribers. The statue will be unveiled in the Palace des Etats Unis, July 4.

Mrs. Harry Fanning of Nortonville was a Saturday shopper in Jacksonville.

Don't Hide Them With a Veil Remove Them With Othine—Double Strength.

This preparation for the treatment of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

COLLEGE OF MUSIC NOTES

Mrs. Forrest will spend most of the vacation in Asbury Park, New Jersey. Miss Florence Kirby intends to study during June and July with Jan Chiapusso, celebrated artist-teacher of Chicago.

Miss Sapio will coach this summer with Adele Margulies. She will also combine with Miss Horsbrugh in Sonata work under Tertius Noble's able coaching.

Miss Horsbrugh received a letter on Thursday from Prof. Auer in which he regrets that his departure from New York on June 3 makes a meeting with her impossible. He further writes that Christine Cotner shall have his particular care during her course in Chicago.

Madame Colard's summer plans are still indefinite. She will, however, be visiting some of her friends during part of the vacation.

Mrs. Forrest will be heard at the commencement exercises on Tuesday morning in two songs accompanied by Miss Sapio.

Mrs. Colard, Miss Horsbrugh and Mr. Pearson will combine in Handel's Largo at the Baccalaureate service on Sunday morning, while Mme. Colard will sing two numbers with orchestral accompaniment at Monday evening's concert in Music Hall.

The children's department has given two parties during the past week which were greatly enjoyed by all the guests.

Miss Lula D. Hay will spend her vacation at Bay View, Michigan. A great part of her time will be taken up in outlining her courses in the musical department for next year.

The public is cordially invited on Monday evening to the annual concert of the college orchestra of which Director Pearson is conductor, Miss Horsbrugh, concertmaster. Nothing has been spared to make this one of the most while events of Commencement time.

AUTO RADIATOR REPAIRING

We repair all makes of radiators, leaky or damaged.

THE MOST BEAUTIFUL CAR IN AMERICA

4-passenger Phaeton \$2450

Thoroughbred Beauty-Performance-Stamina

Paige behavior bespeaks the engineering experience behind the car. Never will you find a car more delightful in handling ease than the Paige.

Paige 70 H. P. motor takes you smoothly over the open road at 70 miles an hour or through the traffic crush at 2. Gear shifting is rarely necessary. Then a bare 3-inch movement does it, and the docile Paige clutch engages without stalling or jerking. No clash or missing mar the driving of the veriest novice.

Paige bodies are substantial. Body squeaks and rattles are prevented by double strips of patent leather that keep metal from touching metal or wood. Richness of finish throughout—not a piece of imitation leather in the car. Ample foot room—and deeply cushioned seats, set comfortably low, make restful riding.

Rear springs more than 5 feet long, turn bed roads to good. Easy travel is further assured by 131-inch wheelbase.

Completely equipped—two extra cord tires, rims, tubes, covers, mounted forward on the running boards; stop light; front and rear bumpers; automatic windshield wiper; rear-view mirror; cigar lighter—are a few of the usual extras, that are standard equipment on the Paige.

It is possible to offer this enduring Paige value because the tremendous volume on the Paige-built Jewett has reduced overhead on Paige by hundreds of dollars a car. And it is a value unexcelled. Test it for yourself by seeing and driving this car of fine workmanship. Phone us for a demonstration of unusual car performance.

Presenting

The Big New

Overland

RED BIRD \$750

America's First Low Priced English Type Car

Here is a new and brilliant American achievement in economical motoring—the big new Overland Red Bird.

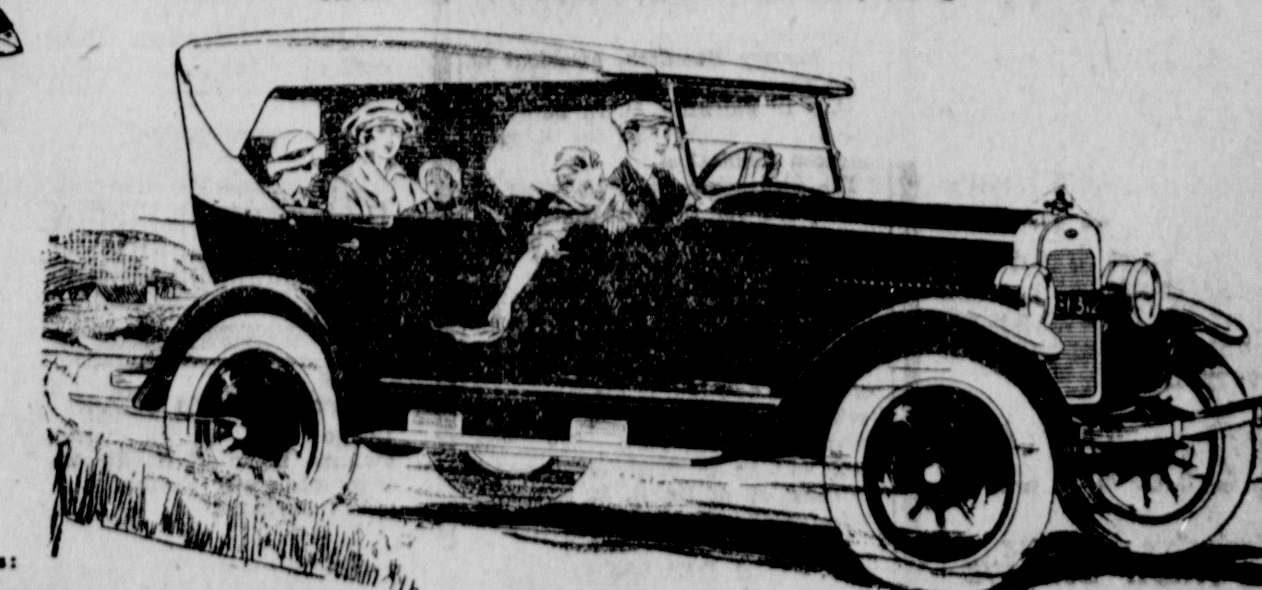

A new delight to the eye! A new thrill to drive! A joy to ride in! A revelation in economy! Reflecting unmistakably the vast experience and resourcefulness of the great Willys-Overland organization.

A creation in rich, gleaming Mandalay Maroon, topped in khaki.

A larger, more powerful engine. A much longer wheelbase, a roomier body, and the fleet lines of a revenue cutter. Glistening nicked radiator, head-lamp rims, windshield stanchions, scuff plates, door handles and back curtain frame. First quality Fisk cord tires. A windshield wiper, bumpers both front and rear—everything!

Examine the new Overland Red Bird in our show room.

Closed Car Comforts at Open Car Cost

The Coach, for the first time combined closed car comforts and fine chassis quality, at a price for all. It gives every utility you can get in any closed car. And you do not forfeit performance, reliability and mechanical excellence to obtain these advantages at almost open car cost.

The Coach is staunchly built. Doors and windows stay tight and snug. It is built throughout for long hard service. More than 50,000 Coaches are in service.

This is a price market. But it is also a quality market. Well-informed buyers will get both.

In choosing your next car be sure to see the Coach.

**WOMAN'S COLLEGE
NOTES**

The closing days of college are always very busy, but this year with the added interest in connection with the Endowment and the Alumnae reunions there are many more events going on beside the regular affairs. All these have been fully noted in other columns of this paper.

On Wednesday morning the last chapel exercises of the year was held and all the college honors for the year were awarded. One interesting feature of this event was the announcement of the organization of the Oasis club. This was founded following an article in one of the magazines describing the work done in the swimming pool at the college. Only those are eligible for membership who have passed the Red Cross tests in life saving and who are thoroughly competent in all branches of water sports.

An unusually large number of graduates and former students are participating in the commencement exercises this year. Up to the present writing the oldest graduate is Mrs. Adams of the class of 1857, who came from Spokane, Washington, to attend the reunion. It is unnecessary to add that she is welcome and that she has many interesting stories to tell of her school days of nearly sixty years ago.

President Harker delivered the commencement address for the Arenzville High school Friday evening, June 1st.

Much interest is centered in the address to be given by Glen Frank, editor of the Century Magazine, on commencement morning. Mr. Frank will have for his topic, "Can Western Civilization Be Salvaged." This is a timely subject for discussion and will afford an opportunity for the people of Jacksonville to hear a man who is one of the foremost speakers in the country at the present time.

Every one connected with the college rejoiced in the return of Mrs. Belle S. Lambert. Mrs. Lambert has been away from Jacksonville and the school most of the time visiting in France with her sister. She made special effort to be back in time for commencement and gave up some interesting trips that she could have taken in order to return in time for the exercises.

The Dramatic club presented the "Charm School" Friday night for the benefit of the Freshmen who are all leaving on account of a great number of graduates and former students who are returning for the commencement events. The "Charm School" as presented Friday night was in the nature of a dress rehearsal as well as for the entertainment of the Freshmen. All reserved seats are sold for the formal presentation of the play Saturday night. There will be some provision made for additional seating for which no reservations are made.

The trustees, visitors, alumnae, former students, faculty, students and friends are asked to meet in the college corridors not later than 10 o'clock Sunday morning, June 3, for the procession to Grace church.

Illinois College Notes

The committee in charge of the dedication of the memorial tablet to Dr. Hayden considers itself fortunate in securing the services of the Reverend John M. Phillips '12 of Manchester, New Hampshire, to deliver the dedicatory address. As previously announced, the exercises will be held immediately after the vesper service on the evening of baccalaureate Sunday. The public is invited.

The Reverend Arthur W. Rider '86, who is to deliver the address at the vesper service on baccalaureate Sunday is one of the prominent leaders of the Baptist denomination on the Pacific Coast. He is also president of the Illinois College Society of Southern California.

The special attention of alumni and former students is called to the fact that the baccalaureate procession will organize at the College gate on the campus on June 10th, 10:15. Reserved seats at the service will be assured for all who participate in the procession. All alumni and former students are urgently requested to be at the gate promptly at the time mentioned.

E. Bentley Hamilton, president of the Alumni Association has appointed Arthur D. Fairbank, H. H. Bancroft, and W. G. Goebel as the alumni luncheon committee.

The Sigs are actively at work on their plans for their triennial banquet and reunion which will be the 30th anniversary reunion of the society. Several prominent Sigs, including ex-Governor Yates have already promised to be present.

Mary Hopper '20 has accepted a position as assistant in the laboratory work at Barnhardt College, Columbia University, New York City. The work will be in bacteriology under the direction of Dr. H. M. Richards, Professor of Biology at Columbia.

\$50 REWARD

The Morgan County Farm Bureau will pay the above reward for information leading to the arrest and conviction of the parties who stole the harness from Vernon Baker's barn at Murrayville Thursday night, May 24.

Oak Costume, like cut \$1.95

Dressing Tables \$19.00

These dainty dressing tables will add charm to any bedroom. Compare the values and you will buy here tomorrow at this remarkably low price. Beautiful finish.

C.E. HUDGIN
229-231-233 South Main St

JACKSONVILLE, ILLINOIS,

SECTION THREE

EMPLOYEES BUY HEAVILY OF STAND- ARD OIL STOCK

Chicago—Three years hence the employees of the Standard Oil Company (Indiana) will be the largest single group of stockholders collectively, and will own more stock than any other individual or collective group of stockholders of the company, if the employees patronize the stock purchasing plan in the next three years as they have in the last two. This announcement was made today by the company in commenting on the result of the plan during the two years of its existence.

The announcement says that of the 37,000 stockholders, 10,000 are now employees and have purchased stock under the plan, which provides that for every dollar an employee puts up for the purchase of stock the company will add 50 cents to the employee's credit in the purchase, providing, however, that no employee can purchase more than an amount equal to 20 per cent of his salary.

As soon as an amount sufficient to buy one share of stock is reached the purchase is made and dividends to the employee begin. At the end of five years all of the stock purchased in

this manner is delivered to the employee.

A few concrete examples of how this plan works are interesting. Two years ago an office boy earning \$50 a month contributed \$10 of this monthly wage to purchasing stock. Today he has nine shares and with the small cash balance of \$12.50 he has a total value of \$5.91. His net profit for the two years is \$3.56.

LITERBERRY

Miss Reah Wight of Beardstown is spending a few days with relatives in Literberry.

Mr. and Mrs. Reaugh Jennings of Jacksonville are spending the week end with Mr. and Mrs. John Guy here.

Mr. and Mrs. Fred Tiemeyer were here Friday from Beardstown to visit Mrs. C. T. Berry, who has been ill for a number of weeks but is now slightly improved. Mr. and Mrs. John Blumling and sons and Jake Blumling of Beardstown were also Friday guests at the Berry home.

Mr. and Mrs. O. M. Petefish were Jacksonville visitors Saturday.

Everything to make your home fly proof, at
BRADY BROS.

SOUTH SIDE BANK BUILDING SOON READY

Remodeled Home of Farmers State Bank & Trust Company Will Be Occupied This Month.

The work of remodeling the banking house of the Farmers State Bank and Trust Company, 27 south side of the square, which was wrecked by fire and water on the thirtieth of last December, is nearing completion. The bank will move back home some time this month, altho the building will not be entirely completed.

The entire interior and much of the exterior of the building have been changed and the arrangements of the new banking room will afford exceptionally fine banking conveniences and facilities.

The building, formerly three-story, is now but two and the banking room occupies the full height. A fire-proof metal and concrete roof covers the building and throughout the remodeling special attention has been given protection from fire. Three large skylights will provide a daylight room. Ventilation is provided by a shaft through the roof and a blower which will force fresh air into the building from above the roof has been installed. Mezzanine floors have been placed in the rear of the building and the room now has numerous consultation rooms, a woman's rest room and every convenience for the bank's customers and friends. The electric lighting system is very complete and the room is heated by hot water.

The officers' room, tellers' cage and counting room will be about as they were, except that additions have been made to accommodate the growing business of the bank. The interior finish is bronze, Grecian marble, mahogany and mahogany birch. The decorations will be placed later, after the walls and ceilings have had ample time to thoroughly cure.

The armored concrete vaults which stood the test of fire and water perfectly have been enlarged by the addition of a large new vault. The vault doors have been gone over by the manufacturer, who found them unimpaired, except for the tarnish of fire and water. The damaged parts have been replaced and the entire vault equipment is in perfect shape.

The remodeling has been done with the sole purpose of providing an ideal banking room, with all modern safeties and conveniences for the use of the bank, its customers and the public.

From 1235 to 1831, the White Tower in the Tower of London contained a managerie.

COAL MINE TO COLLEGE PRESIDENT

(F. A. McCarty in The Northwestern Christian Advocate)

The unique life story of Joseph Ralph Harker, Ph. D., LL. D., president of the Illinois Woman's College, Jacksonville, Ill., is as thrilling as a romance. It is a story of a lad who, by his own exertions, made his way from a miner's cottage to distinction as a college builder and a college president.

He was born near Durham, England, June 30, 1853, the son of Ralph and Mary Young Harker. The family was very poor as were all miners at that day. Working conditions were wretched and workers were given little consideration. As late as 1864 Ralph Harker was discharged and blacklisted for six months because he headed a committee to confer with mine owners about intolerable mine conditions. Joseph enjoyed the brief period in a parochial school, where three hundred boys were crowded into one room, studying and reciting aloud, much after the fashion of some modern Sunday schools.

At the age of ten he went into the mines, but the passion for study never left him. He gave all his spare moments to his books. He united with the Primitive Methodists, or "Ranters," and became a local preacher.

About the time that Joseph was born, the family determined to come to America. The mother began to save every penny for the trip. In 1869 an older brother came to America and saved more money in two years than the family laid up in eighteen years. With this help the family came to America in 1871, settling at Du Quoin, Illinois, the men going into the mines.

Spring came and the miners were laid off three or four days a week, after the American custom. Instead of joining the other men loafing in saloons and spending their money for booze, Joseph bought a Ray's Third Part arithmetic and a Warren's physical geography and enthusiastically set about mastering them. He found sympathetic helpers in Mr. John B. Ward, the county superintendent of schools, and Dr. William T. Hamilton, the Presbyterian minister. He asked Mr. Ward for one hour each Saturday night, not to recite, but to ask him questions about points he did not understand. The superintendent was greatly impressed by this reversal of the usual pedagogical method, that the pupil instead of the teacher, ask the questions, and concluded to try the experiment.

One Saturday night he astounded his pupil by asking him to take charge of the colored school on Monday morning. To Harker's protest that he knew nothing about American schools, and had no certificate, Mr. Ward replied that he was the county superintendent and granted certificates himself. Accordingly, on Monday morning, the future college builder began his real life work. That day was a revelation. Before night he knew the end to which he had been born.

His next school was DeSoto, where he reduced a group of notoriously rough pupils into an orderly school noted for its loyalty.

He showed marked ability and leadership in his work at Beardstown, Meredosia and Waverly. From the first he was regularly employed in teaching teachers in summer institutes. While at Waverly, he was called by President Tanner to become principal of Whipple Academy, the preparatory department of Illinois College at Jacksonville. Although he had never been in a college, this ranked him as a full college professor. The academy was at low ebb, and it amazed the board of trustees when he asked them to double the tuition. He doubled the attendance. Whipple Academy had started on a new career. He took up the college course privately and graduated with the degree A. B. in 1888, taking M. A. in 1890, and his Ph. D. in 1893.

Flattering offers began to come in from other colleges, which he declined. His friends were dumbfounded when he accepted the presidency of the Illinois Woman's College, at Jacksonville, as the successor of Dr. V. F. Short. The future of the college was the problem. Many other institutions for women had already died, and this one would surely soon follow. His friends felt he must have lost his senses. But he saw the thing which very few, if any, at that day did see, that the day of the Woman's College was just dawning. The first years were full of struggles, problems and hardships. It was necessary for the president to assume the entire financial responsibility.

Even the Illinois conference of the Methodist church paid little attention to this almost forgotten child. He had to build an entire constituency and inspire in them the faith and wisdom which were his. How he succeeded in building up a board of trustees, a faculty, a student body, a loyal constituency, and in lifting himself and his institution from a dying academy to a flourishing class A college is one of the most thrilling and romantic stories of education in the Methodist Episcopal church. In 1893 the school had 128 students. Today there are 49 in all

the departments and 34 teachers. In 1893 the college property was valued at \$75,000.00. The present valuation exceeds \$500,000.00, with an endowment of \$250,000.00, and at the close of the present campaign, in July, the school will have a total property, endowment and equipment, of \$1,250,000.00. The institution was advanced to the standard college in 1908, and the first degree class was graduated in 1909. It was at this time that President Harker turned the entire school and property over to the church. The Methodist church has never had a similar experience, nor is there another case of where a man has begun at the bottom without money or influential friends and unselfish by his own exertion and influential service developed such an influential institution and laid it upon the altar of the church.

A constant inspiration to this wonderful man in his great work has been his devoted wife. She has given herself, unreservedly, to the best interests of the college, and the president has said over and over that the splendid achievement of building the Woman's College would never have been possible without the heroism of her spirit.

He was given the degree of LL. D. by the Northwestern University in 1918. He is the oldest college president in Methodism. In June of this year he will close thirty years as president of the Illinois Woman's College. At the same time he will have finished fifty years of continuous teaching since he took charge of that colored school in Du Quoin, and in the same month he will reach three score and ten years of his natural life.

He has been called "Joseph, the Dreamer of Dreams." But the remarkable thing is he has always had the faculty of making his dreams come true. His philosophy of life is embodied in an old folk song sung by his father to his children: "See, saw, sickery, sown, What is the way to London Town? One foot up, and the other down, And that's the way to London Town." Success is won one step at a time. Never both feet in the air, never both feet on the ground.

The most positive element of Dr. Harker's success is his abiding and unquestioned faith in God's leadership. He clearly sees the hand of God in all the turning points and experiences of his life. In building the Woman's College he has simply been carrying out the Father's will.

ROAD BULLETIN

The Tourist Information Bureau of America sends out pointers regarding road conditions in practically every state in the Union for the convenience of passing tourists and local people who are contemplating trips the following bulletin on Illinois is given:

Alton, May 5, all roads good. Effingham, May 19, roads in good condition. Moline, May 18, route No. 7, Tri-Cities to Chicago, via LaSalle, paved except 36.5 of oil and gravel detours, well marked. Moline to Morrison, under construction. State route No. 3, Aledo to Quincy, avoid in wet weather. Avoid Whitewater No. 7 to Des Moines in wet weather, dirt, use Davenport, Muscatine and Great White Way. Tri-Cities to Peoria, Route No. 7, to De Pue, two detours; turn south at De Pue. Other roads good. Mattoon, May 21, all roads good. Detour on Egyptian Trail detouring at Neoga for Effingham. Ottawa, May 18, Detour out of Ottawa for Starved Rock Park and La Salle was in bad shape this week. Advise making inquiry before going over this route for next week. Peoria, May 19, detours same as last week. Temporary detour at Salt Creek, south of Mason City on Peoria Springfield hard road. Rockford, May 16, we have just been advised that a bridge is cut on the Lincoln highway about four miles west of Rochelle, detour is marked to the south of the highway through Brush Grove; detour is in very bad condition and many cars are becoming stalled. The best detour appears to be north of the highway, the route going west being as follows: Rochelle to Flag Center, to Woods Corner, turn left and continue back to Lincoln Highway. This brings you back on to the highway at a point immediately north of Ashton. Sterling, May 19, Lincoln Highway closed between Agnew and Round Grove. Detour well marked; also closed thirty miles east of Sterling; detour.

**NEW PEKING TROL-
LEYS SPELL RUIN FOR
RICKSHAW COOLIES**

Peking—Construction of Peking's first electric street railway is well under way and, unless unforeseen obstacles are encountered, the promoters expect to have four lines in operation within a year. There has been great opposition to the proposed innovation on the part of one organization or another, the latest objection being the Chinese General Chamber of Commerce.

That body has petitioned the government to cancel the contract for construction on the grounds, first, that it will ruin thousands of rickshaw coolies, and second, because there is foreign money in the subscribed capital of the tramways company.

Meantime the work goes on. An ancient wall along the eastern edge of the Imperial City has been demolished to make room for the first section of the lines.

FIRE THREATENED WHITE HALL BUILDING

Roof Blaze Threatens Old Orphans' Home Building in White Hall—Other News Notes.

White Hall, June 2.—The fire department was called to the old Orphans' Home building at 11 o'clock A. M. Friday to extinguish a roof blaze that did minor damage. The building is a two-story structure of considerable dimensions, located between the two railroads between Sherman and Bridgeport streets, and is owned by Mrs. Roby R. Dewell of Carrollton.

A circus press agent is one of the best authorities on the value of printers' ink, and this was brought out by the visit this week of W. McCorkhill, press agent of the Christy Brothers' circus, who was in White Hall to bill the country on the appearance of the four-ring aggregation in White Hall on Thursday of next week. This is the first visit of the Christy show to Illinois, and more than an hour was spent with Mr. McCorkhill in his private car by the writer in going over the history of the big shows of a generation. The result of this visit brought out that the Christy circus is among the big ones, as it travels in eighteen cars, coming to White Hall from Petersburg, and going to Carlinville from here. Their coming to the industrial centers of the middle west is explained as due to the unfavorable agricultural conditions in the western states, where the show has always exhibited since its inception at Beaumont, Texas, ten years ago as a two-car circus. Last year they had ten cars, and this year eight more are operated. It is mainly an animal show, having a caged ring and three other rings. The call on Mr. McCorkhill was prompted by local circus authorities, who spoke of it and the character of their advertising indicated as much. Since they are coming, it is proper to give them the benefit of the splendid recommendations as one of the great circuses, that will contribute to a large reception here and in this section of the state, which takes them to Virden and Springfield before they leave the C. & A. rails. Mr. McCorkhill stated that John H. La Pearl banished the circus business from his mind several years ago, and has built up a large private business in Chicago. The real merits of the great shows of the day were gone over in an interesting way, and he remarked of the wonderful possibilities of a community that retains relations with the large papers in daily news stories as is maintained at White Hall. The circus obtained the use of the foot ball field of the new high school.

AUSTRALIA SEES MENACE IN THE PRICKLY PEAR PEST

Sydney, N. S.—The prickly pear pest is becoming an increasingly formidable problem in New South Wales and Queensland, the latest reports from New South Wales giving 6,000,000 acres as the area infested. The northern state is said to have 27,000,000 acres affected.

The 1921 estimate in New South Wales was 3,500,000 acres, the pest having spread over 2,500,000 acres since that time. At least 10,000 acres within 30 miles of Sydney are said to be growing nothing but prickly pear.

The New South Wales government has decided to carry through parliament a bill to provide that non-infested areas should be kept clear, that owners should be assisted to clear the land, and to provide for free grants of land, where the cost of clearing the area of the pest does not make the attempt impractical.

BRITAIN NAMES COM- MISSION TO FRAME TAX ON BETTING

London.—When Chancellor Baldwin presented his annual budget in the House of Commons recently he intimated that a commission would be appointed to inquire into the feasibility of a tax on betting, which has reached tremendous proportions in Britain, and from which he anticipated considerable revenue could be secured.

The committee has now been appointed and includes several members of parliament who are noted sportsmen. The committee comprises 19 members drawn from all parties of the house. Eleven of them are Conservatives, two National Liberals, two Independent Liberals and four Labor members.

CHEMIST DELVES DEEPER INTO SECRETS OF HAFNIUM

Copenhagen.—Professor Nils Bohr, the discoverer of the new element, hafnium, has now determined its atomic weight. The element, which was named in honor of the city of Copenhagen, is still not completely isolated but the professor's efforts in this direction are nearing completion. The connection of the element with zirconium, a kindred element, has made investigations exceedingly difficult, but Professor Bohr has been able to ascertain that the atomic weight lies between 179 and 181.

Five of the 92 elements exist and remain to be discovered. As a result of his experiments Professor Bohr has discovered that hafnium is impenetrable by Rontgen-rays. He asserts that it has the good qualities of bismuth, which is used in connection with Rontgen-ray experiments, but none of the bad ones, and the discovery is expected to be of considerable value to medical science.

ENGLANDS LARGEST BOMB PLANE READY FOR TRIAL

London.—England's largest airplane, a huge bomber built in secret for the Air Ministry, will soon be given its trial flight.

According to the Daily Express, the big plane is built entirely of steel, with the engines installed in a cabin completely armored against machine guns.

The engine room will be in charge of a mechanic, thus leaving the pilot free to operate the lifting and steering levers without regard to the engine details.

Miss Olive Engel, 414 E. State St., will accept a limited number of piano pupils for the summer. Miss Engel is a graduate of the Illinois Woman's College in both piano and organ. Those interested will kindly write or call at the above address.

The Best Place to Trade After All

Telephone Talk No. 20

Selling Service

A telephone company sells service. It does not sell or rent telephones.

The instrument in your home or office is of use to you only by reason of the service rendered. The bill you pay is distinctly a service charge.

And telephone service is different from other services. If your neighbor's gas supply is defective, his lighting poor, or his water supply inadequate, you are not affected. These annoyances concern only himself and his household. But if his telephone is out of order and you cannot reach him when you call, or if he makes you wait long before he answers, YOUR telephone service is unsatisfactory.

Thus the service of any telephone user may be rendered unsatisfactory by the habit or act of another.

In the interest of good telephone service, we suggest the observance of the following simple practices:

Respond promptly when the bell rings.

Make sure before calling that you have the right number by consulting the telephone directory first.

Speak distinctly, with the lips close to but not touching the mouthpiece.

When answering give your name or the name of your firm—cutting out "Hello."

**THE ILLINOIS
Telephone Company**

THE WAY TO SUCCESS

Fear nothing in the world when you are right. Be scrupulously honest. Pay your bills and prove to the world that honor and integrity are your greatest assets. Be something other than putty and straw. Let it be known that there is some iron in you. The less a man does, the less he wants to do; the greater efforts he puts forth, the more he can and will do. A man who is master of himself has also mastered the secret of success. Never dodge difficulties; meet them, greet them, beat them. Form such habits as will crystallize into victories. Daily do something that is hard. It stores up energy. There never was inspiration for doing anything where clouds obscure the vision. Be positive; indecision is listening for the command to retreat. Every day accomplish something. —Exchange.

FLYING BY NIGHT MAY SOON BECOME GENERAL

Chicago.—Night flying by aviators has been brought squarely before the public by the great non-stop flight across the continent by Lieutenants MacReady and Kelley and, through this demonstration of its feasibility, general night flying and the delivery of mail during the night may become an accomplished fact before the end of the summer, according to I. J. O'Malley, of Chicago, in a recent address before the Chicago Aviation club.

"A great part of the plans for this epoch-making achievement in aviation now rests with the public utility lighting companies or the cities themselves," said Mr. O'Malley. "Guide or beacon lights are necessary for night flying particularly when stops are to be made for delivery of mail or passengers. A great start has been made in this respect, as well as in the construction of landing fields, and probably more work will be done in this direction during the summer."

It is a fact that the whole future success of the aerial mail hinges upon the success of night flying, since the time that is lost by laying over nights would eliminate the saving in time obtained through day flying.

The night flyer is reduced to

flying by compass, and no compass has yet been invented that is sufficiently reliable to be depended upon exclusively. Then the question of forced landings is involved. In event of motor failure the flyer is obliged to make a landing. This is sometimes dangerous, although not as much as one might think, since airplane properly equipped with search lights operated from battery, can be guided intelligently when near the ground, although being without power it cannot rise again if the ground is unsuitable for landing.

"In general, night flying depends upon beacon lights at various points along the route by which flyer may know his location; emergency landing fields indicated by upward streaming searchlights; planes equipped with searchlights for landing and the cultivation of a night flying sense."

Have you any old screen doors or windows to be re-covered, repainted or repaired? Call or phone BRADY BROS.

EVIDENCES OF BRITISH DEMOCRACY

London.—Two members of Britain's royal family already have appeared in the movies, the Prince of Wales and Viscount Lascelles; Princess Alice, aunt of King George, recently used radio to broadcast an address of babies, and even the King and Queen are not immune to the modern trend, for they will soon make patriotic speeches into a phonograph and the records in large numbers will be distributed to the children of the country.

King George has a radio receiving set in his private apartments, and some enthusiasts predict it will not be long before he establishes a royal sending station to gain intimate and cordial contact with his people.

If you want good screen work done, call or phone BRADY BROS.

At graduation time your friends expect your photograph.

WHITE HALL RESIDENT BECOMES BENEDICT

Paul F. Short and Miss Ruby Rimbig of Mechanicsburg United in Marriage Friday — Other White-hall News.

White Hall, June 1.—At Mechanicsburg this afternoon took place the wedding of Paul F. Short and Miss Ruby Rimbig, the ceremony being performed by Rev. L. E. Ellison of White Hall. Mr. and Mrs. W. E. Short, parents of the groom, were present from White Hall, being accompanied by Rev. Ellison and J. O. Cantrall on the trip by auto. The groom is mathematic and athletic instructor in the town ship high school at Deland, Ill., and has been retained for another term. The bride is a teacher at Mechanicsburg.

Dr. C. F. Sherwin came up from St. Louis to attend the commencement and alumni festivities of his alma mater, the White Hall high school. Dr. Sherwin holds a secure place in the hearts of the people of northern Greene county.

While crop conditions are generally excellent, the report for May of R. B. Pearce, co-operative observer of the weather bureau, states that the total rainfall for the month was well distributed to meet surface requirements, but that the subsoil level of water and supplies in general need replenishment for the reason that not a month since the report of May, 1922, has been up to normal. The total for the month just closed is 2.31 inches, 26.4 inches below normal, the greatest rainfall in 24 hours being 0.38 of an inch on the 14th. There were twelve days with precipitation of 0.01 inch or more, fifteen cloudy, eleven partly cloudy and only five clear days. Thunder showers occurred on the 7th, 11th, 12th, 16th, 20th and 28th. The average temperature was one degree below normal, being 62.8 degrees. The highest reading was 87 on the 31st, and the lowest 32, on the 10th. There was a light frost on the latter date that caused no permanent damage. Some early corn was replanted because of wire worm damage.

R. B. PEARCE.

A favorable turn is now noted in the case of Miss Nonie Patterson, stenographer in the office of the Register-Republican, who has been in a critical condition for several weeks.

Christy Brothers' circus is billed to appear in White Hall on Thursday of next week with four rings and two miles of street parade. The base ball park will be used for the purpose.

FOREIGN WOMEN SEEK TO END OVERWORKED CHINESE CHILDREN

Shanghai. (A. P.)—Various foreign women's organizations of Shanghai, notably the American Women's Club and the British Women's Association, lately addressed an appeal to the Municipal Council of the International Settlement of Shanghai, asking that body to do what it could to improve working conditions for children employed in mills and factories, and to seek to put an end to night labor for children under 12 years of age.

"In bringing these recommendations to the notice of the council," says the communication sponsored by the organizations, "we should like to point out that the Chinese themselves are showing an active interest in the problems presented by the development of industrial labor."

TRUCKS AND TRACTORS REDUCE USE OF OATS

WASHINGTON, June 2.—Production of oats in the United States probably has reached its highest point, in the opinion of experts of the Department of Agriculture.

The yearbook of the department for 1922 declares the advent of motorized trucking, both in city and country, and of the tractor on the farm, are reducing markedly the commercial demand for feeding oats. The result, it is predicted, will be to reduce acreage and production, which have increased rapidly and consistently since annual estimates first became available in 1855. The oat crop now ranks third in importance, the cereal being next to corn and wheat.

The importance of barley, which ranks fourth among cereals in this country, is increasing even though production is not. The average annual production of barley for the ten years ended in 1922 was about 193,000,000 bushels. The future outlook for this crop is said to be encouraging.

Rye is listed as an unimportant crop in this country, but there has been an increase in production since 1912, due to an increased European demand which is expected to disappear later in large measure.

DID NOT LIVE TO COLLECT Buenos Aires.—At a horse race here recently an excited man attracted attention by shouting frantically the name of the favorite horse as the group of racing animals neared the finish. His excitement was so great that when an outsider passed the favorite and won, he collapsed and expired.

On his body were found 60 tickets on the horse which did win, and no one could understand his excited support of the favorite until an old race goer explained that this reverse method of support was used by some superstitious betters to "stop" the horse they did not want to win.

Exide BATTERIES

Only One Kind of Battery Economy

If ever there was a case of "penny wise, pound foolish," it is when a man goes price-shopping for a battery.

There is only one way to economize on a battery, and that is by buying the best obtainable.

You will find the Exide a worthwhile economy because it lasts so much longer and stays in your car instead of in the repair shop.

When you need a new battery or repairs on any kind of battery, let us be helpful to you.

Cadillac Company of Jacksonville Orr Bros.

The Long-Life Battery For Your Car

QUICK ACTION BRAKES EXTRA LARGE AND EXTRA SAFE

In the construction of Dodge Brothers Motor Car, every consideration has been given to the owner's safety.

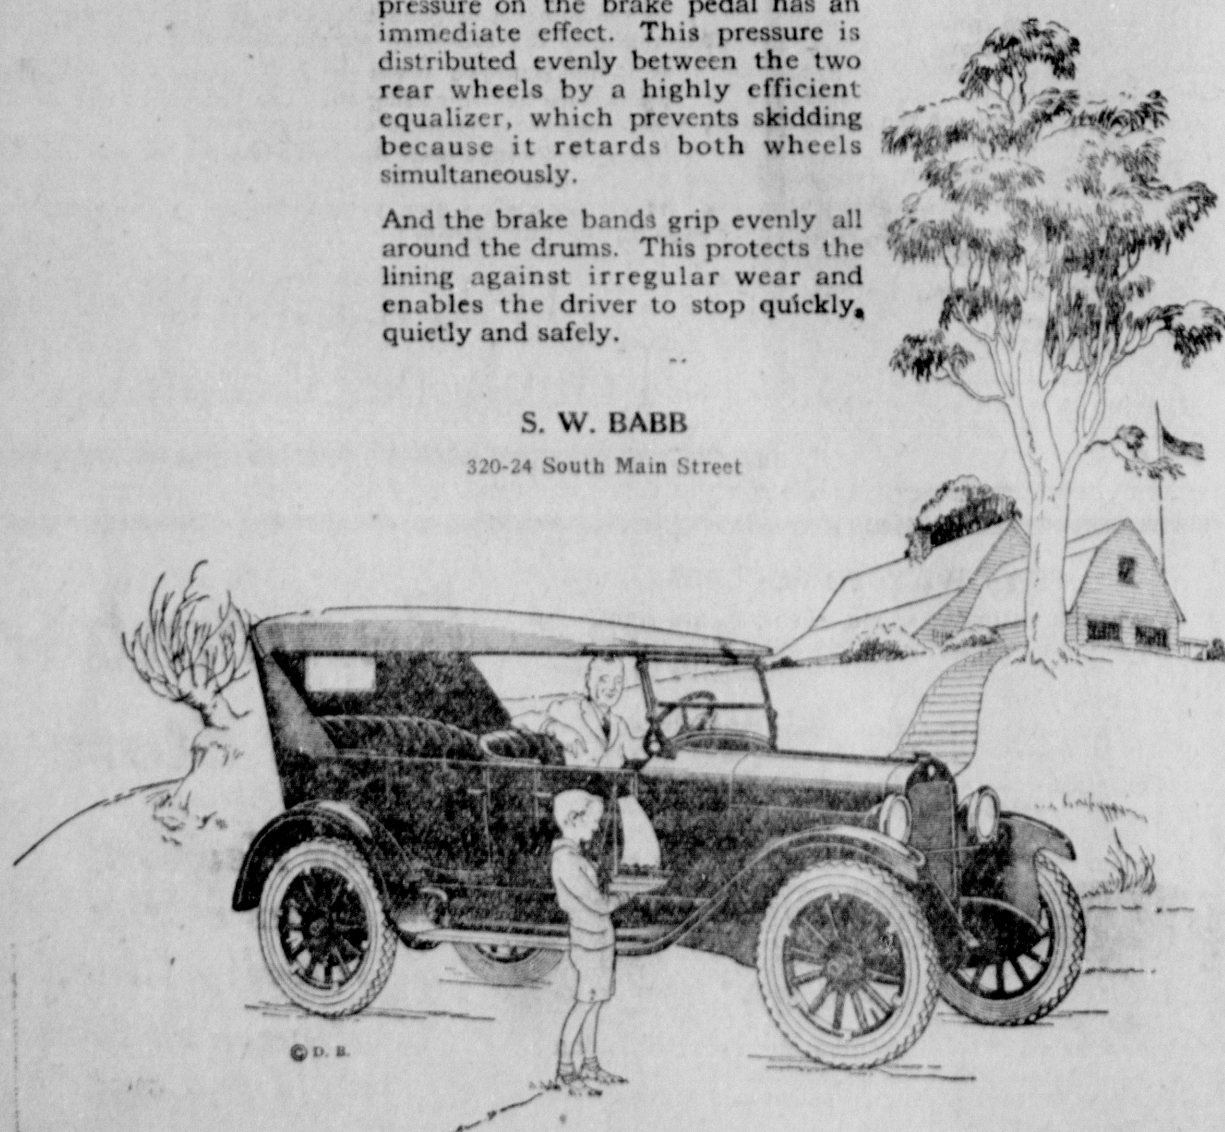

This is particularly evident in the brakes, which, with their 14-inch drums and 2 1/4 inch lining, are appreciably larger than the average. The extra surface thus provided develops greater friction when the brake bands contract over the drums—and it is this friction which stops the car.

Connecting levers are designed to transmit the maximum of power with the minimum of effort. The slightest pressure on the brake pedal has an immediate effect. This pressure is distributed evenly between the two rear wheels by a highly efficient equalizer, which prevents skidding because it retards both wheels simultaneously.

And the brake bands grip evenly all around the drums. This protects the lining against irregular wear and enables the driver to stop quickly, quietly and safely.

PEANUTS, FIVE A BAG, RESULT FROM HUGE CROP

Chicago.—The bleacherite and circus fan will get a bigger bag of peanuts for his money when this year's record crop is harvested, Guy H. Hall, director of the National Institute the Progressive Farming, said in a statement in which he predicted also a return to the five cent bag in a short time.

"The old familiar call of 'Hot peanuts, five a bag,' will return within a short time," he said.

More than 986,000 acres were planted in peanuts last year, according to the department of agriculture figures, while this year's acreage is forecast by the institute's survey to exceed the million mark. The total yield last year was 623,507,000 pounds, valued at \$29,222,000.

Increased peanut production recently has resulted from the greater use of machinery. Mr. Hall said, pointing out that machine methods of digging also put the crop to market more quickly.

The "goobers," as they are known, are grown extensively in sections where the soil is either sandy or of sandy loam, or where the climate or boll weevil seriously handicaps cotton production. For high quality of nuts the soil should be limy and loose to allow for free penetration of the bloom pegs, the nuts forming underground in the manner of the potato, the institute points out.

BRITISH TRADE UNIONS NOW FACE HARD TIMES

London.—Trade unionism in Great Britain is passing through anxious times. The membership during the last two years has decreased more than 1,500,000 and the accumulated funds, which had reached nearly \$300,000,000, have been exhausted by the heavy drain of unemployed benefits.

The general council of the Trade Union Congress is planning a "Back to the Union" campaign in an endeavor to make up the loss in membership. The statement of the council is that there are 15,500,000 wage earners in Great Britain, of whom only 6,500,000 are members of Trade Unions.

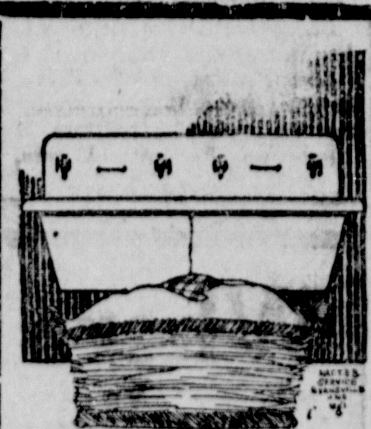

REV. MARBACH IS SYNOD DELEGATE

Rev. W. H. Marbach has been chosen an official delegate to the meeting of the Presbyterian Synod of this district, which will open its sessions at Monmouth on June 18. During the week following the synod Rev. Mr. Marbach will teach at a young people's conference to be held at Petersburg.

Morgan County Poets

TO AN OLD CIRCUS POSTER

Slatternly, worn, and faded in part,
Clown of the whole pictorial art,
Your Day was when you flashed on the eye
The folly and farce you glorify.

As to paper and paste and gaudy paint,
Extravagance, lack of all restraint,
Contempt for logic, yet power to thrill—
What a world there is in an old circus-bill!

A poem writ with a tawdry pen
To indulge the wayward whims of men;
A weather-map with a broad survey
Of childhood's fairest, happiest day.

How dear to our hearts your cheap romance
Of color, carnival, jest and dance—
Performance continued day and night,
Or as long as your face remained in sight.

And after all, if we failed to see
The actual show, your show was free;
How often we lived it over in brief,
Or invoked your spell to assuage our grief.

As age came on, with more command,
What hopes, what prospects were at hand,
Replete with wonderment and thrills
For all the world like circus-bills.

Till Time's bill-poster, Fortune, hung
New titles upon the boards, and flung
The tatters of tedious, bilded fraud
Upon the earth and the air abroad.

With a bigger date before our eye,
We let the precious weeks slip by,
And only the circus-days loom bright
To mark Life's passing and Time's mad flight.

Yet Life is rich for the hours we wait,
And the things we please to anticipate,
And love is deeper for some regret,
And peace for strife it will never forget.

—JOHN KEARNS.

PREDICTS CHEAPER FUEL FROM LIGNITE CHAR

Montreal.—Science's quest for a method that will add lignite char to the available fuel supplies of the United States was described at a session of the Fuels Division of the American Society of Mechanical Engineers here today by O. P. Hood, chief mechanical engineer of the U. S. Bureau of Mines.

"The Bureau of Mines is investigating the possibilities of a program," said Mr. Hood, "which has for its main features an inexpensive carbonizing device and the use of the lignite char direct, without briquetting."

"Lignite char can best be described in a few words as a fuel rather near in analysis to anthracite coal but softer, with a little more volatile matter, and thus kindling easier. In size it grades from pea coal to smaller sizes, and is a stable product. Whether a market can be developed for such a fuel at prices around five dollars a ton at the mine remains to be shown, but it is at least encouraging to know that Germany used last year 400,000 tons of similar material for domestic heating and cooking."

"This fuel burns well with natural draft where a thin fuel bed can be maintained. Base burners, cook stoves and other heaters can be adapted to use the fuel satisfactorily. The Germans have developed a special stove, burning the fuel on a bed of ash in an enclosed drawer. There is no loss of fuel in the ash and lignite char used in such a stove heats an oven sufficiently for baking operations and will boil water. It makes a clean fire, is smokeless and the char is clean to handle."

TRUTH IN ADVERTISING SLOGAN OF CLOTHIERS

Chicago.—"We hold paramount the truth that advertising is a covenant with the public and that the spoken or printed word is as binding on performance as an oath in a judicial tribunal."

This is the outstanding article in a Code of Ethics adopted by the National Association of Retail Clothiers, 24,000 copies of which are being distributed among the trade throughout the United States in the campaign now in progress to keep the clothing industry to the highest notch of integrity.

The document also emphasizes that the cornerstone of commerce is integrity; that the assets of any commercial institution consist of honesty and business character first. After that, service and merchandise.

Modernized Replica of "Home Sweet Home" Gift to 1,800,000 Women

Redesigned to meet modern living requirements, Colonial architecture of the birthplace of John Howard Payne has been preserved in the Washington, D. C., replica built to commemorate the centenary of the first singing of his immortal song, "Home Sweet Home." architect's drawing (upper left) compares modernized house with Payne home still standing at Easthampton, Long Island, N. Y., built in 1660. Photograph (lower right) is of the memorial house built of concrete block and Portland cement stucco, now nearing completion on Sherman Mount Plaza, in the heart of official Washington, opposite the White House and the U. S. Treasury Building.

Secretary Hoover, chairman, National Advisory Council, "Better Homes Week" Committee, broke ground for the model house on May 26; Miss Lida Harford, executive secretary, General Federation of Women's Clubs, attending the ceremony representing 1,800,000 American Women members to whom the house will be presented, following its official opening by President Harding on June 4, for National "Better Homes Week" demonstration, June 4 to 10, inclusive.

FORMER RESIDENTS VISIT ROODHOUSE

Mrs. Georgia Kimball of Los Angeles and Mrs. Nora Brown of New Mexico Visiting Former Home—Other Roodhouse News.

Roodhouse Ill June 2.—Mrs. Georgia Heaton Kimball of Los Angeles, Calif., and Mrs. Nora Sanders Brown of Deming, New Mexico, arrived in Roodhouse Wednesday night. Mrs. Kimball came by way of Deming, where she was joined by her sister, who accompanied her to Roodhouse. Both are well known former residents of Roodhouse and they will spend some time in this vicinity visiting friends and relatives. They will spend part of the time at the home of Mrs. J. H. Barrow, Mrs. C. R. Amos, and Mrs. A. C. Nash at White Hall. Mrs. Brown will visit her son, Robert Sanders, in Detroit, Mich., before returning to her home.

Miss Helen Bates is at home from Washington University in St. Louis.

Dr. D. M. Truesdale went to St. Louis Wednesday morning to remain until Sunday.

Measles are still rampant in various parts of the city. Old cases are discharged and new one developing each day.

Frank Goodall and family drove down from Jacksonville and spent Decoration day and Thursday at the home of Joe B. Amos.

S. V. Rowland joined his wife here for a week and visit with her at the home of her father,

will return to St. Paul the latter part of the week.

Mr. and Mrs. F. P. Plahn and Miss Irma Hunt were to start home Wednesday or Thursday from Kansas City, where they drove two weeks ago. Hard rains delayed their departure from Kansas City a day or two.

Mrs. J. H. Aulgar returned home Thursday from St. Louis, where she had been visiting her daughters since last Friday. Her son Raymond, who accompanied her to St. Louis remained to take a position there with Swift and Co.

Screen doors, wire cloth in black, galvanized, pearl and copper; adjustable window screens; window screens made to order any size or color. Old doors and screens recovered and painted. Call or phone BRADY BROS.

BOARD OF EDUCATION OF M. E. CHURCH

Within Six hours after an appeal had been made, through the fellow solicitors, the students of DePauw University had contributed a total of \$73,000 to the million and a half dollar project for additional endowment and new buildings. 1,137 were solicited and 1,137 students made a pledge. The average gift was \$64.37.

The largest single gift came from a young man who is working his way through school. At great personal sacrifice he pledged \$400. Within a few days the \$73,000 jumped to \$92,021.00 and is still growing.

The \$200,000 quota assigned to Greencastle and Putnam County, Indiana is rapidly being filled. In the second day over \$35,000 has been secured. Alumni all over the country will be asked to contribute to the success of this movement, and if past indications are any criterion, their response will be wholehearted and immediate.

MANY KILLED BY LONDON TRAFFIC

London.—More persons are killed by traffic accidents in the streets of London in a year than passengers on the whole of the railways in Great Britain in a similar period. During the last year 503 persons in London were killed by automobiles and motor trucks, 63 by motor omnibuses, 59 by horse-drawn vehicles, 35 by trolley cars, and 22 by bicycles.

The major number of accidents do not occur at congested points, such as Trafalgar Square, Oxford Circus, or the Bank, where traffic is specially regulated.

They take place more frequently in the main arteries toward the outer suburbs, where motor drivers are inclined to be less careful in negotiating crossings and corners, and where pedestrians, particularly children, are less vigilant in crossing roads.

Marquette Club dance Thursday evening at Marquette Hall, Franklin. Brown's Orchestra. Cream and cake served.

ALEXANDER

Miss Rowena Sinclair, teacher at Brown's Business college in Springfield, is here for the weekend at the home of her parents Mr. and Mrs. A. M. Sinclair.

Miss Kit McCarty of Alexander is in Bloomington for a visit with relatives.

Mr. and Mrs. A. M. Sinclair spent Friday at the home of their son, Herbert Sinclair, in Virginia.

Mr. and Mrs. Lester Breckon were Jacksonville shoppers Saturday.

Miss Mary Reif is visiting at the home of her sister, Mrs. Howard Moss, in Modesto.

VETERINARIANS PROSPER

London.—Despite the much threatened extinction of the horse by increasing use of the motor vehicles, there is no falling off in the number of veterinary surgeons in London.

This is attributed to the greater attention now paid on cats and dogs, and to the fact that while the number of horses decreased the number of individual owners has increased.

BUY YOUR HOT WEATHER APPAREL AND SAVE MONEY, AT HERMAN'S

FARM BUREAU TAKES STEPS AGAINST THIEVES

The board of directors of the Morgan county Farm Bureau at its meeting yesterday offered a reward of \$100 for the arrest and conviction of anyone caught stealing chickens from any member of the organization. The bureau is endeavoring to secure O. E. Bradute, president of the American Farm Bureau Federation, for an address on Farmers day at the chautauqua.

THE NEW HOTEL

The memories cling to the dear old place. Where many a year has stood, the old hotel. Its portals open wide to cheer. Each traveller, good, and well.

At the same old place, in the same old way.

Through shadow and sunshine Has Dunlap served and held her sway.

Each day each year, all time, Now here's to the new one which shall rise soon on the same old ground of fame.

Far bigger, grander as to size— We'll let you find its name.

Our city has thus been called

Far famed for this same place. The Busses—travellers have hailed.

How often to this place, East—North—South—and West. Went cheer from out its hall. Each room gave welcome with a jest.

Serving good—To one and all. L. A. S.

Place Your Order Now For a Ford

Where Quality Counts

Father starts it—mother finds she can add a little—even the kiddies will contribute their pennies and in a surprisingly short time, the whole family is enjoying the pleasures of owning a Ford. Here is how you can do it through the

Ford Weekly Purchase Plan

Bring the first \$5 in to us. Enroll under the terms of the new, easy way to buy a Ford. Select the car you want. We will deposit your money in a local bank, at interest. Add a little each week. You will be surprised at the rate the money piles up when everyone is helping. Soon the payments, plus interest paid by the bank will make the car yours. Come in—let us give you full particulars.

Lukeman Motor Co.

Jacksonville, Illinois

OBSERVE FIFTEENTH WEDDING ANNIVERSARY

Mr. and Mrs. L. L. Sears, well known residents of Franklin, yesterday celebrated the fifteenth anniversary of their marriage. The occasion was most fittingly observed, about forty of their friends spending the evening very pleasantly with them. Dainty refreshments were served in the course of the evening.

Mr. and Mrs. Sears were married fifteen years ago in Sullivan, Ill. They were residents of Decatur for a year or two after their marriage, then became residents of Franklin. They have a host of friends in their home community, all of whom join in hoping that they may live to celebrate many more such anniversaries.

WE HAVE A FEW 3-PIECE SUITS LEFT: THE THING FOR YOUR VACATION TRIP. THESE ARE ON SALE AT A BIG SACRIFICE AT HERMAN'S.

H. E. Harms of Meredosia was a business visitor in Jacksonville yesterday.

Where Quality Counts

One third of the cost of a good plumbing, heating or electric job is for work hidden from sight beneath walls and floors, and underground. Costly trouble is sure to develop unless this "unseen" work is properly done. Reliable materials and skillful workmanship cost less in the end—and we supply 'em.

92.77.
Twenty railroads averaged
81.59; net gain .17.
High 1923 — 90.63; low
80.13.
Total sales (par value) \$5,
972,000.

NEW YORK, June 2.—Prices
sagged thruout the list at the
opening of today's stock market in
response to further forced liqui-
dation arising from the recent fail-
ure of the largest curb house and
unconfirmed rumors that other
curb houses were under investiga-
tion. This decline which resulted
in losses of 1 to 5 points in a
number of leading shares was
aided by some bear selling of
steels and low priced oils.

Substantial buying support was
forthcoming at the lower levels
and the market turned upwards
towards the end of the first hour.

During the early reaction, United
States Steel common which
sold ex dividend earlier in the
week touched a new low for the
year at 94½ but rallied a point be-
fore the close. Bethlehem Steel
also established a new low at 50½
but crossed 52 later for a slight
fractional gain in the day.

Some of the other outstanding
strong spots in the industrial list
were Baldwin and American Loco-
motive, Crucible Steel, Pan Am-
erican and Phillips Petroleum,
and California Petroleum all up to
1½ points.

Active United States govern-
ment bonds were firm with little
change in prices.

Market Report

By The
Associated
PressWHEAT MARKET SHOWED
RALLYING POWER

CHICAGO, June 2.—After a
week of heavy liquidation the
wheat market showed rallying
power today helped by a denial
from a representative of the de-
partment of agriculture that a
limit had been placed on the
amount of trading in future deliv-
eries. Prices closed unsettled, 1c
to 1½c higher with July 1.10½
to 1.11½, and September 1.10 to
1.11½. Corn finished at 1c to 1½c
higher, oats 1c to 1½c up and
provisions unchanged to an ad-
vance of 2½c.

Uncertainty from steps to en-
force the grain futures act led to
a sharp new break in wheat prices
at the opening today, but a reac-
tion quickly ensued and the mar-
ket then showed something of an
advance during the remainder of
the exchange session

C. C. PHELPS DRY GOODS COMPANY

BONITA UNDERMUSLINS

Beautifully Fine and at the Same Time Dependable

These Undermuslins are embroidered and sewed by hand by expert needlewomen in the Philippine Islands where for generations beautiful embroideries have been made on the finest Nainsooks. The material is produced in the United States and sent to the Islands to be made up.

Moderately Priced for
Such Superior Quality

The Philippine women were taught needlework as early as the sixteenth century by Spanish missionaries to the islands.

In the days of "once upon a time," as far back as the sixteenth century, Spanish, Belgian, and French missionaries to the Philippine Islands taught the native women the art of fine needlework. Today these women are world famous for their dexterity with the needle—their skill having become perfected through succeeding generations.

Wrought 'neath the open skies in the sunshine of southern islands.

It has been a delightful discovery to thousands of women to find that these beautiful, delicate, embroidered Undergarments, so exquisitely fine and desirable, are still wonderfully practical. The materials of which they are made are dependable though fine, and they are more moderately priced than any other garments of same superior quality.

We have just received from Marshall Field & Co. our order we placed last January for Phillipino Hand Made Embroidered Undergarments. We will now place them on sale very moderate priced, consisting of—

Envelope Chemise \$2.70 to \$3.60
Slip Over Gowns \$3.15 to \$4.50

BONITA

Hand Embroidered Undergarments

The Poetry of Needlecraft

The unfailing feminine instinct, which prompts every woman to regard lovingly the beauty of exquisite lingerie, causes your quick response to Bonita Undergarments.

Here are beautiful, delicate pieces, exquisitely embroidered, with an almost unending variety of artistic designs. They are rendered by their moderate prices and dependable though fine materials, among the most practical undergarments a woman can buy.

In the Manila district, and reaching far into the provinces of the Island of Luzon, a great industry has been built. Thousands of native women, world-famous for their dexterity with the needle, are employed to ply their craft, working for the most part in the open, be-

neath the palm trees or in the shadow of their nipa houses.

First the materials have been sent to the Philippines—the finest of nainsooks and longcloths—and the garments cut and patterned for the most exclusive American trade. As the different provinces of the island specialize in certain types of work such as scalloping, calado or a four work, knotting and dots, garlands of dainty flower buds and others, a single garment frequently passes through many expert hands before it is ready to be sewed, laundered carefully and returned to the United States.

Only the high efficiency of Bonita production makes possible the offering of such quality lingerie at the low prices asked.

In connection with this sale of Phillipino Hand Embroidered Undergarments we will place on sale our large stock of the celebrated Dove Undergarments moderately priced, consisting of—

Ladies' Gowns

Envelope Chemise

Bloomers

Step-Ins

Petticoats

Costum Slips

Pajamas

Drawers

Regular and Stout Sizes. Materials: Nainsooks, Batistes, Crepes and Silks in the following colors: white, flesh, orchid, honey-dew, navy, brown and black.

We give and redeem Eagle Cash Discount Stamps.
